PIONEER DIES RESULT AUTO-TRAIN CRASH

J. A. Whittenburg Is Fatally Injured—Funeral Service Held Here Monday Afternoon

CATTLE, OIL MAN

Family of Son Residents in Canyon Many Years —Pioneer Developer of West Texas

J. A. Whittenburg, 79, died Monday morning at 7:30 o'clock in an Amarillo hospital as the result of an accident Friday night. The car in which he was riding was hit by a freight train in Amarillo. Mr. Whittenburg was taken to the hospital, where he was treated for a severe gash in his head, but never regained consciousness.

Miss Goldie E. Cantrell, who has been a nurse for Mr. Whittenburg for several years, was driving the car and failed to hear the train as the car reached the crossing. Miss Cantrell was badly bruised in the accident but not seriously injured.

The funeral service was held Tuesday afternoon at the George Whittenburg home in Canyon. Dr. R. Thomsen, pastor of the Amarillo Presbyterian Church, conducted the service. J. W. Sanders of Amarillo spoke of the wonderful character of the deceased. Interment followed in Dreamland Cemetery under the direction of the Griggs-Thompson Funeral Home.

Pall bearers were grandsons-in-law of the deceased: H. L. Ratliffe, Douglas Mills, B. E. Walker, L. A. Barrett, R. C. Windsor, H. F. Adkinson, and A. W. Hawks.

He is survived by one sister, Mrs. S. B. Yates, of Boulder, Colo., and one daughter, Mrs. Sid Hedgecoke, and 19 grand children: Mrs. H. L. Ratliffe of Canyon, Mrs. B. E. Walker of Clayton, N. M., J. T. Whittenburg, Jr., of Amarillo, Mrs. R. G. Windsor of Amarillo, John Jake of Canyon, Mrs. Art Hawks of Canyon, Roy of Canyon, S. B. of Canyon, Mattie Pearl of Amarillo, Joe D., Bonne Rhea, Helen, and Tennessee, all of Canyon, Mrs. Douglas Mills of Stinnett, Mrs. L. A. Baird of Amarillo, Mrs. Beck Adkinson of Pampa, J. A. Hedgecoke of Amarillo, Dixie Pauline and Ima Jewel Hedgecoke of Amarillo. He had 14 great-grandchildren.

Pioneer of Panhandle

Mr. Whittenburg was a pioneer ranchman in the Panhandle. He was a shrewd trader, and at the time of his death owned about 32,000 acres of land, much of which is in the oil belt of Hutchinson county. Oil was discovered on his land in 1920. While oil was responsible for Mr. Whittenburg

Construction On Postoffice Will Be Started Soon

Official notice from the treasury department was received this morning by Postmaster Guy Harp that Lundberg-Richter Co., Inc., of Fredericksburg, Va., had been awarded the contract for construction of the new postoffice in Canyon. The bid of this firm was $53,900.

The firm has until November 1st to complete the bonds and enter into the contract with the government. 210 calendar days are specified in which to complete the construction.

Rotarians Are Entertained By Students Tuesday

An entertainment program was featured Tuesday at the Rotary Club luncheon, when Doug Shirley introduced three students from W. T., who put on the program.

Miss Royce Parks, pianist for the club, played two piano solos and accompanied the other two numbers.

Miss Claudia Sue Mosley of Knox City was presented in two tap dancing numbers.

Tiny Craig sang two solos.

The club was invited to the Home Demonstration tea to be held Friday from 3:30 to 5 o'clock.

The club was invited to enter a stunt in the P. T. A. Hallowe'en carnival to be held on the 29th.

Visitors present were: C. T. Crowe and E. R. Kienker of Amarillo; J. W. Gunstream and J. A. Hicks of Canyon.

Cold Wave Hits Snow in Panhandle

Extreme Temperature of 92 Sunday and Monday Dropped to Near Freezing Last Night

The temperature in Canyon dropped from 92 degrees on Sunday and Monday to 33 degrees above zero early this morning. A light rain fell during the morning hours, and snow was falling at press time. Indications were good for more moisture during the day with possibly a hard freeze tonight.

The temperature has been high during the past week, and was of great benefit to the feed crop. The county will produce double the amount of feed that was thought possible when the August rains came. The farmers have taken advantage of the open weather of the past two weeks, and have saved much of the feed crop. It is stated that more bundle feed will be on the market in Randall county this year than at any time in four years. While the grain yield will be small owing to the late rains, many farmers report to have very good grain crops, and the bundles have fair heads.

Wheat planting is practically completed, and the moisture will be of great benefit to the wheat fields.

Proposed Dam Is Now Under Survey by E. H. Gohmert

Chamber of Commerce to Make Dam Major Project—Hinton to Aid in Washington

E. H. Gohmert has been employed to make the preliminary survey on the proposed dam on the Tierra Blanca south of Umbarger. Mr. Gohmert states that it will require about a week to make this survey, and that it will be completed by the first of November. Mr. Gohmert is highway engineer and is here waiting to take charge of construction on the underpass east of the depot.

Carl Hinton, manager of the Amarillo Chamber of Commerce, has written Clyde Warwick that the Tierra Blanca project is feasible under the program of water and soil conservation. He is working on the project in Washington and will bring back details of how to proceed when he returns to Amarillo next week. In his letter Mr. Hinton stated that Washington is convinced that Mr. Roosevelt will be re-elected by an overwhelming majority.

The Canyon Chamber of Commerce decided in its meeting last night to make the Tierra Blanca the major project for the immediate future. As soon as the preliminary survey is completed, regional co-operation will be asked on the project.

Added Amount of Money Available for Saturday Gift

An additional amount of cash will be distributed free next Saturday by the Chamber of Commerce and 40 business men at the band stand. This week the total cash will be $65.00, and since this is the last week of the month under which this plan is operated, all of the money will be distributed.

The business firms will continue the weekly distribution until Christmas.

INFANT DIES SUNDAY AT RIDGEWAY HOME

Drew Ross Ridgeway, 3-weeks old son of Mr. and Mrs. Drew Ridgeway of Hereford, died Sunday afternoon at 3:30 o'clock at the home of his grandmother, Mrs. T. A. Ridgeway.

The funeral was held at the home Monday afternoon, with interment at Dreamland Cemetery.

Mr. and Mrs. H. M. Rockwell left yesterday for Huchinson, Kansas, where they will spend ten days with relatives.

Mr. and Mrs. C. R. Burrow are in Dallas this week attending the Centennial and visiting with relatives.

Negro CCC Boys Move and Junior Whites to Come

Barracks Will Be Rebuilt to Care for Company to Arrive at Palo Duro on Nov. 15

The negro CCC Company at Palo Duro State Park will be replaced by a junior white company which comes on Nov. 15th. The negro company is being demobilized and the 160 men shipped to three different places.

The first shipment of negroes went out Tuesday night, 60 going to Fort Parker near Mexia. Fifty men leave tonight for San Antonio where they join a negro company at Fort Sam Houston. 50 of the men leave Friday for Fort Bliss, El Paso. Officers of the company have not received orders, but will be transferred to other companies when the business of the company is closed.

A junior company from Bonham will be transferred here on Nov. 15th. In the meanwhile $6,000 will be spent in remodeling the barracks to receive the whites.

With the coming of the juniors, the Palo Duro will have had all types of CCC labor during the three years the park has been under development. Work was started with three white veteran companies. A fourth company was soon added, making this the largest CCC camp in the nation. Two companies were withdrawn when soil erosion work started.

Before his death, D. E. Colp felt that negro workers at Palo Duro might be used to better advantage than white labor. Protests were made by many Amarillo people against the bringing of negroes to the Park, but the men were sent here, and have never given the officers or the citizens of this section the least trouble.

In order to complete construction work on the entrance and the cabins which are planned, it has been thought advisable for some time to bring a company of juniors to the Palo Duro, and this latest change is now being made.

CLUB KEEPER RESIGNS

John Johnson has resigned as keeper of the Canyon Club and will leave soon for California. Members of the greens committee have highly complimented Mr. Johnson for his efficient work, states J. L. Duflot, chairman.

The successor to Mr. Johnson has not yet been named.

Help Your Chief

Randall county Democrats have not contributed as liberally as they should to carry on the campaign to re-elect President Roosevelt.

This sentiment has been given to The News by both the district and the state headquarters.

During the past week urgent telegrams and letters have been received by local Democrats urging that the quota for Randall county be raised this week.

The quota for the county is $404. Two remittances have been forwarded by County Chairman Clyde Warwick to the district office at Amarillo. These remittances amount to $74.90.

Several donations have been received this week by Mr. Warwick, Guy Harp and Levi Cole, but the total has not yet reached $100.

Those who intend to make contributions to the campaign fund are urged to do so by Saturday of this week.

The President needs this money with which to carry on the strenuous campaign in which he is engaged.

Underpass Work Goes to Dallas Firm on Tuesday

Work Will Be Started First Week in November, According to Present Indications

Austin Bridge Company of Dallas was the low bidder for the underpass on the Santa Fe just east of the Depot. Bids were opened in Austin Tuesday, and the price submitted was $73,446. The estimate on the job was $90,000.

The underpass is being constructed through an agreement of the Santa Fe, the State Highway Commission and the City of Canyon. The location is on Highway 33 as it makes a loop through Canyon. The construction comes under the program of the government to remove as many grade crossings as possible from the highways of the nation.

E. H. Gohmert moved back to Canyon two weeks ago and will have charge of the engineering work for the State Highway Department. Mr. Gohmert states that it takes from 10 days to two weeks to complete the contracts and bonds on highway work. He expects that actual construction will be started during the first week

AAA PAYMENT COMING SOON

WPA Continues All Projects In Canyon

Lack of Funds From the State Threatened To Close Work — Sewing Room Is Opened

All WPA projects were re-instated Saturday and work was ordered to continue until further notice. Notice came Saturday of the decision to continue operations after the threat was made Wednesday to shut down on the campus projects until the state was able to meet its part of this obligation.

J. P. Rhoads has been transferred here to have charge of the local projects, while Jake Harrison and Dorris Vester have been transferred to the district office at Amarillo.

Requests for additional street work have not been filed with the district WPA office at Amarillo, but this project is being worked out. The Sewing Room opened today after being closed for more than a week.

Buffaloes Left Yesterday With Hope of 6th Win

Homecoming Game at Alva Will Draw 15,000 To See Buffs In Action Friday Night

Tuned to a high pitch, and defiantly seeking a sixth victory this season, the entire Buffalo squad left yesterday afternoon for an important engagement on Friday night at Alva, Okla. Northwestern Oklahoma Teachers will entertain the Buffs Friday night, and in spite of the cold wave, the reception is expected to be a sizzling affair.

This is Homecoming event for the Oklahoma school. It is a complete sell-out came the report Monday, with 15,000 fans expected to see this important battle. No available hotel space could be secured for the Buffs in Alva, and the team is resting in Waynoka, 20 miles from Alva, where a light work-out will be held today.

The Buffs came through the grilling battle of Friday with no injuries. Toby Waggoner was the only man to suffer injury during the game, but he was back in uniform Monday in fine shape.

Coaches Al Baggett and Marshall May have put the Buffs thru a week of hard training preparing for this important battle. They realize the strength of the Oklahoma outfit, and the danger of overconfidence as the result of the five victories of the Buffs this season.

P. T. A. Meeting Will Be Held At Auditorium Tonite

The regular meeting of the Parent-Teacher Association will be held this evening at 7:45 o'clock at the high school auditorium. Mrs. Dan Sanders is president of the association.

Miss Hellen Hickman will speak on Friendliness.

Membership week is being observed by the association.

Fire Inspection Places OK Upon Property in City

State Fire Marshall Inspects Canyon and Is High in Praise of News Plant

Lee D. Olive, assistant State Fire Marshal, was in Canyon Tuesday and made an inspection of fire hazards. He was accompanied on the tour of inspection by Lee Foster, city fire marshal.

Mr. Olive reported that Canyon was in very good shape. He pointed out a number of ways in which the city could improve its standing and eliminate the few hazards which he found.

A recent survey was made by the school children of their homes, blanks being filled out on practically all of the homes in the city. The result of this survey is being compiled by Mr. Foster and will be sent to the department at Austin.

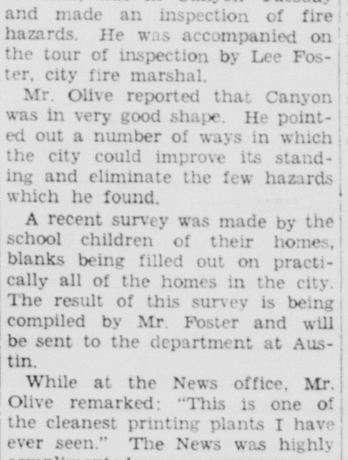
While at the News office, Mr. Olive remarked: "This is one of the cleanest printing plants I have ever seen." The News was highly complimented as a newspaper, as well as the cleanliness of the plant by the visiting official.

The local fire department is using every effort to clean up the city in order to eliminate as many hazards as possible before the cold wearther starts.

TRAVIS SHAW RESTING IN DALLAS—IMPROVED

Travis Shaw, business manager of W. T., left Monday for Dallas where he will spend several weeks at the home of his brother and other relatives. He is improved from the illness of last week, but has been advised to rest for several weeks before returning to his work.

Clark to Speak



SENATOR CHAMP CLARK

Senator Champ Clark of Missouri will be the Homecoming speaker at W. T. on Oct. 31. He is one of the outstanding leaders in the United States Senate.

1936 MONEY TO COME TO AID OF FARMERS

Definite Statement Regarding Payments Is Made by Department of Agriculture

MAKE TWO CLASSES

Checks May Be Expected By Farmers in the Near Future as Policy Finally Announced

The Agricultural Adjustment Administration has announced that initial payments under the 1936 Agricultural Conservation program will soon be started to producers in Texas and the other states of the Southern region, according to A. L. Smith, secretary of the State Conservation Committee.

There are two classes of these payments, Class I to be made on acreage diverted from soil-depleting crops, and Class II to be made on certain soil-building crops and practices. It is estimated that the payments in Texas will amount to approximately $37,322,435, though, because of incomplete figures on compliance at this time the final payments may vary from this amount.

Producers in the Southern region will receive 90 per cent of the Class I payments and 100 per cent of the Class II payments, H. R. Tolley, A. A. A. administrator, states. An additional payment will be made after the exact extent of participation is determined.

"Complete information on participation will not be available for several weeks," Mr. Tolley said, "although it is known that the number of farmers taking part in the program is in the neighborhood of 4,000,000. This is substantially in excess of participation for any one year under the old crop reduction.

"From the standpoint of sound business procedure, therefore, it was deemed advisable to take advantage of the safeguards provided by the program in order to avoid possible deficits, and, at the same time, avoid holding up a large share of the applications for payments until all of them are completed."

Brother of Canyon Man Killed Sunday Automobile Crash

F. D. C. Middleton received a message Sunday of the death of his brother, B. P. Middleton, at Big Spring. Three persons in the Middleton car were killed in the accident, Mr. Middleton, his wife, and their daughter, Mrs. W. A. Whitley. The car collided with a truck, the driver of which was also killed. The year old baby of Mrs. Whitley received only minor injuries. Mr. Whitley is in the hospital with serious injuries.

F. D. C. Middleton and his son, Willard, left for the family home at Merkel where the funeral of the three was held.

63 Additional Books Are Added to Public Library During Week

Sixty-three new books were added to the Randall County Public Library this week. Several of these books were new ones which have just been printed. The large bulk are popular copyright books which have recently been reduced in price.

The library is increasing in number of readers, state Mrs. S. D. Burton, librarian. There are nearly 3900 volumes now available for the readers.

16 ABSENTEE VOTES ARE CAST UP TO DATE

Sixteen absentee votes have been cast in Randall county so far. The voters have until next Thursday to cast a vote by this method.

County Clerk A. B. Holt is getting the supplies out for the general election to be held on Nov. 3. Elections will be held in all the regular voting precincts of the county.

TEACHER RETIREMENT

El Paso Herald Post: One of the proposed amendments to the Texas Constitution which will be voted upon November 3—No. 2 on the list of six to be submitted then—authorizes the Legislature to establish and levy taxes for a system of teacher retirement — including teachers both in public schools and in colleges and universities maintained by the state.

The proposed retirement system is a matching plan. Each person employed in such capacity would be required to contribute a certain percentage of his salary, to be matched by similar contributions from the state up to five per cent of the compensation of the person involved, though the total, per year, per teacher, is not to exceed $180. No person would be eligible for retirement annuity who had not taught 20 years in the state. And any person accepting teacher retirement pension would not be eligible for benefits from other pension funds.

The amendment ought to pass, it seems to us.

We've been niggardly enough, in our compensation to teachers.

We ought to give them this definite hope of moderate security in their old age.

EXPLAINING AMENDMENT NO. 6

By George Moffett of Chillicothe, Texas, member of the House of Representatives.

Amendment No. 6, the last one on the ballot in November, provides that any one particular county may not have more than seven members in the Texas House of Representatives, and since the total membership of the House is 150 members, it certainly is proper that no one county out of the 254 counties in Texas should have more than seven. In a state as large as Texas it would never be for the best interest of the State to permit the bunching or clustering of its lawmakers within a very few of the 254 counties. In other words, geography should be taken into consideration as well as population in allocating members of the Legislature among the various counties.

Thirty states of the American union do recognize geography as well as population in apportioning representatives in the Legislature, and it is more justifiable for Texas to recognize geography than any other state because it is the largest state with the most far flung boundaries and the greatest variety of conditions, but, unless amendment No. 6 is adopted by the people, in a few years four or five of our larger counties will have increased in population to the point where they, on a population basis, will be able to control and dictate the laws under which the people of all the 254 counties must live. Amendment No. 6 seeks to put a balance wheel in our governmental machinery which is badly needed and which many other states already have. In Oklahoma the limit for a county is seven members, in Georgia and Florida three members, and in Iowa two members, and other states have similar restrictions based on geographic and territorial consideration.

The trend of population is unquestionably from the farm to the city and unless Amendment No. 6 is adopted five large counties in Texas may soon control the destinies of the largest agricultural state in the union.

David Lawrence, arch critic of the New Deal, used a page of his newspaper, The United States News, in summing up the strength and weakness of President Roosevelt as compared with Governor Landon. He acquits the President of many of the common charges made against him, and praises the reforms he has enacted. For two reasons he is opposed to Roosevelt's re-election: Because of the fact that government is engaging more and more in business; and for the continued governmental spending when recovery is advancing so rapidly. These two criticisms are made even by the most ardent friends of the President. But Mr. Lawrence offered no evidence that Governor Landon would be a stronger man if elected, or would materially change the government's plan. Judging from the promises he has made in various parts of the nation, very few improvements could be possible under the Governor's program.

The investigations of the special session of the legislature turned out to be thin air, or hot air. But this may be said of the work of most special sessions of the legislature. We sat through nine called sessions, and only a few were worth the money it cost the state to hold. Special sessions are limited to a few subjects which are submitted by the governor. Few of the members give a hang about pleasing the governor. During regular sessions every member has his own pet bills which he is interested in seeing passed, therefore he will work at the job trying to get the job done. But in special sessions, the legislature is under the thumb of the governor, and the members do not appreciate the situation.

Old Age Assistance in Texas will be a great political racket in the election of 1938. It came near approaching that state in 1936, but the momentum of the movements will be full steam ahead in two years. You will see hundreds of candidates running for office demanding that all persons over 60 or 65 years of age be given pension, perhaps not so high as Townsend advocates, but will make any sort of offer to fool the voters. It is ridiculous how candidates attempt to fool the voters. In the case of old age assistance, it is criminal for candidates to use the aged people of this state, especially those in dire circumstances, as a political football. Any candidate with a thimbleful of sense should know that Texas will never be able to pay every old person $15 per month, regardless of their circumstances. Such a statement is as ridiculous as the Townsend plan.

If you liked the Old Deal, when banks were closing by the hundreds, when farm products were worthless, when unprecedented unemployment prevailed, when the dole existed in a limited manner, and no one knew what was going to happen next; if you liked those conditions, vote for Governor Landon. But, if you have a feeling of security today; if you know that the bank in which your money is deposited is safe with your deposit guaranteed by the government; if you are getting a good price for your produce, and for the labor you perform; if you believe that this nation is more secure today than it was four years ago, we advise that it would be a wise thing to cast your vote for the re-election of President Roosevelt.

The average citizen is to be excused for not understanding the laws of the nation when the nine members of the United States Supreme Court seldom agree as to the meaning of our laws. A majority of all legislators are lawyers; a majority of the congressmen are lawyers, yet these bodies cannot write laws which may be interpreted by the various courts, and especially by the Supreme Court. Incidentally, what has become of all the furor which was heard about the decisions of the court only a few months ago?

What kind of a town would it be without a football team? The News receives nearly a hundred newspapers from Northwest Texas, and football is the big feature event each week during the fall. Each town is backing its team, and most of the towns have provided lighted fields. If you think that perhaps America has turned football mad, consider that it is a good safety valve for youth. Student uprisings are practically unknown in this nation, as they are in Europe, where football is not played.

An Oklahoma farmer sent Al Smith an old pair of shoes to wear on his walk. The farmer stated that since Roosevelt was elected conditions had improved so that he was able to buy a new pair of shoes for himself. Matter of fact, those Texans who repudiated Al Smith at the polls eight years ago really have the laugh on those of us who fought, bled and died for the Democratic cause in that election. As poor as Hoover turned out to be, no doubt Al Smith would have done no better.

Did you vote in the July and August primaries? If so you should return to the polls and vote on Nov. 3rd. It is a privilege to vote for the President of the United States. However, the most important questions on the general election ballots this year are the six constitutional amendments which are printed at the bottom of the ballots. Do not overlook these amendments. They are very important so far as the state government is concerned.

So much liquor was consumed at the Texas-Oklahoma football game in Dallas week ago Saturday that President W. B. Bissell of Oklahoma U. has asked that football games in the future be either played at Austin or Norman. Students away from home threw restraint and self-respect to the wind and indulged too freely in liquor. Having seen the disgraceful sight at Dallas, we do not blame Dr. Bissell for being alarmed.

If you have not made a contribution to the campaign fund to re-elect President Roosevelt, you should do so at once. The Republicans have plenty of money. The individual voters of the Democratic party must contribute in order to finance the President's campaign. The News has received urgent appeals asking that every Democrat in Randall county make a donation of not less than 20 cents to carry on the campaign.

Do you wish the federal government kept at Washington, or moved back to Wall Street? Governor Landon takes his orders from Hearst and Wall Street. This gang managed to run the government most of the time until Franklin D. Roosevelt was elected four years ago. Now they are pouring millions of money into the Republican war chest in order to defeat the friend of the people.

The owner of a large estate on Long Island was asking his assembled gardners, assistant gardners, chauffeurs and kennelmen recently how they were going to vote on November 3. The answer was this: "We expect to vote for Landon, because if he is elected those taxes you are complaining about will be repealed, and then you can give us all a raise."

Summing up the presidential campaign, Brother Landon has promised to keep every governmental aid going in every part of the nation where aid is necessary, but at the same time reduce taxes of the rich, reduce taxes to everybody so that no one will feel any burden. It seems that the Governor still believes in Santa Claus.

Of the six amendments printed on the election ballot for Nov. 3rd, The News is opposed to only the first one. This one would put the State of Texas in the liquor business. We do not believe that any state should be a party to any business which curses and damns the lives of people as does the use of liquor.

Step up close and let us whisper in your ear a true and correct definition of a communist. It is the only accurate definition, and will withstand the test of time: "A communist is the guy who disagrees with us politically." Now isn't that correct?

Critics of President Roosevelt place the national debt at $266 for each person in the nation. The per capita debt of England is $751 and of France $517. This nation has more resources than both England and France combined.

Regardless of the outcome of the national election on Nov. 3, the President will be a rich man. President Roosevelt is reputed to be worth $750,000, while Governor Landon is said to be worth a million dollars.

Eleven more days until election. These will be very, very busy days in those states which are in the doubtful list. No campaign in the history of this nation has witnessed such a thorough canvass made to interest the voters.

Burly Crew Responsible For Five Straight Wins

Above are members of the 1936 varsity Buffalo footballers and members of the coaching staff. Reading left to right: Top Row; Al Baggett, Coach; Marshall May, Line Coach; Harp,Mc Aninch, Speer, Walling, Meek, Arthur, Murray, Waggoner, Butler, and Bob Cox, Frosh Coach. Middle row; Amburn, Fields, Neilson, Washington, Caviness, Champion, Watkins, Hayes, Kennedy, Thomas, and Jack Jennings, Student Manager. Bottom row; Faulkner, Slack, Horton, Marchbanks, Johnson, Hinger, Jackson, Brotherton, Lyde and Ritchey.

Baggettmen Win Over Savages With 34-6 Score

Passing and Running of Watkins Gives Counters

While 3500 spectators looked on, the West Texas Buffaloes exemplified a running and passing attack that virtually nullified the Southeastern Oklahoma Savages to garner a warm-up victory to the tune of 34-6, Friday night in Buffalo Stadium.

Statistics indicate the superiority of the Bison Herd in annihilating the Sooners for their fifth straight win. The Buffs made 167 yards from scrimmage to 122 for the Savages. They registered 14 first downs compared to the visitors' 8. They completed 9 forwards for 178 yards as compared to the 4 for 30 yards of the Savages. Thomas and Champion punted 9 times for a 36-yard average to Wylie's and Gentry's 8 for a 30 yard average.

The bullet-like passes and flawless running of halfback Foster Watkins was the principal offensive weapon of the triumphant Buffaloes. Throughout the game, the Buffalo forward wall slaughtered the guests, opening wide, gaping holes for the backs to strut their wares. Linemen Horton and Hinger assisted by line-backers Johnson and Champion were the outstanding defensive cogs. Another pass combination, that of Watkins to Johnson, was in for its share of the glory while the Watkins-Waggoner deception flamed with its usual brilliancy.

West Texas State's initial march to the "promised land" started when Slack returned Kurz's punt to the Buffalo 45 yard line. Watkins passed to Waggoner for a 14 yard pickup. He continued by slinging out to fullback Dow to the 10, and scored at right end on the next play. Watkins kicked goal. Score 7-0.

The other score in the first quarter resulted from a 30 yard pass from Watkins to Johnson. He followed by passing to Waggoner who was chased out of bounds on the 5. Dow scored two plays later at right tackle. He then converted. Score 14-0.

Watkins was responsible for the two Buff counters in the third canto. Champion placed a punt outside on the Sooners' 5-yard line where Gentry's return punt came to the 24 yard line. Slack weaved to the four yard line on two running plays, and Watkins counted at right tackle. Dow made the extra point. The other third quarter score came when Watkins ran behind beautiful interference to go across standing up unmolested from the 10 yard stripe. His kick was wide.

Slack's interception of Wylie's pass and return to the 12 yard line was the highlight of the closing verse. The final tally came when he romped across on a wide end run for 12 yards. Dow made his third conversion.

The Southeastern touchdown came in the early minutes of the fourth quarter. Gentry and Wylie collaborated to maneuver it to the one-foot line when J. Small rammed for pay dirt. Waggoner broke through to block Small's attempted conversion.

BLEEDING SORE GUMS

If you really want quick, certain, and lasting relief, from the most disgusting disease, just get a bottle of **LETO'S PYORRHEA REMEDY** and use as directed. **LETO'S** is always guaranteed. Jarrett Drug Company. 5

Ralph News

Mr. and Mrs. D. S. Hill attended singing at Sunny Hill Sunday evening.

Mr. and Mrs. R. A. Adcock and daughter Jo Marie, called in the W. A. Cates home Monday.

Week end guests in the Sam Hill home were Mrs. Hill's brother, T. B. Franklin and Walter Hammitt of Irony.

Mr. and Mrs. David Horn spent Friday and Saturday night in the parental W. A. Cates home.

W. A. Cates was a business caller in Happy Monday.

Those attending the revival at the Fundamentalist Baptist Church Sunday night were Mr. and Mrs. B. D. Springer, Mrs. Kate Childs, Katherine Springer, and Mr. and Mrs. S. S. Howell and daughter.

Little Teddie Howell spent Thursday night with her aunt, Mrs. C. P. Robertson of the Jowell community.

Sunny Hill News

Randall County Sing Song Band met at Sunny Hill school house Sunday afternoon with a good attendance.

Mrs. Ed Kuehn and Carolyn, Mrs. Carroll Bray, and J. C., and Mrs. Melvin Miller were Amarillo visitors Monday.

Mr. and Mrs. Don Foster were guests of Mrs. Foster's mother, Mrs. Lola Castleberry, Sunday.

Mr. and Mrs. Melvin Miller and children visited Mr. and Mrs. Joe Russell and children Sunday afternoon.

Mrs. G. T. Hankins visited in Tulia Sunday with her husband who is ill at the home of his parents.

Mrs. A. E. Wise and sons, Joe Billy and Roy, returned home Sunday morning after a visit at the Centennial at Dallas.

Calves Lose In Dedication Game To Tulia Hornets

The touted Tulia Hornets inaugurated their new arc-lighted Younger Memorial Field last Friday night by trouncing a fighting bunch of W. T. High Calves, 40-6.

The Canyon tally was marked up about midway in the final canto when Patterson, alert Calf guard, recovered a Hornet fumble behind the goal line.

"Dutch" Stoltenburg, pile-driving Hornet half-back, skirted across the pay-dirt stripe three times to account for 18 of Tulia's points. Paine, another powerful Tulia half, rammed his way over for two more of the Hornets' touchdowns, with big Captain Waller chalking up one to complete the scoring parade.

Captain James Butler, a former Tulia boy, was the spark-plug in the Canyon attack, assisted ably by Sorgee, midget signal-barker, and the other nine hard-driving Calves who gallantly fought the heavier and classier Hornets until the final gun.

Graham and Griggs were outstanding in the Tulia line while the entire quartet of Hornet backs turned in superior performances.

Preceding the game, the new field was dedicated to the memory of W. H. Younger, former superintendent of Tulia Schools.

The dedication address was made by the Rev. J. Hoyt Boles, Tulia minister.

Do Your Shopping in Canyon.

Buffalo Tennis Team Winners at Goodwell, Okla.

Coach W. E. Lockhart's 1936 net edition inaugurated the fall season by paralyzing the Panhandle Aggies by a score of 6-0 in Goodwell, Okla., Saturday. The match opened intercollegiate activities on the four newly constructed concrete courts at the Aggie institution.

In a "warm-up" match, Glyndon Riley of Spearman exhibited an easy placement game to baffle Hibler 6-1, 6-4. Norton Curry of Wichita Falls shellacked Cutter 6-4, 6-2. George Smalley's net game bewildered Holland 6-1, 6-1. Darrell Hemphill of Littlefield recovered in time to trim Franz 7-5, 6-2.

West Texas State's ranking doubles combination of Smalley-Riley was in rare form to parade to 6-1, 6-4 win over Hibler-Cutter. In an erratic imbroglio, Curry and Hemprill completed the debacle by conquering Nease and Nease of the Aggies, 7-5, 6-2.

Wayside Items

Presiding Elder J. O. Haymes, gave us two good sermons Sunday, and had the business meeting in the afternoon. A large crowd was out. Our church report was excellent. All the obligations of the year were paid in full. Most of the other churches on the charge were represented.

Robert Crow of Nickerson, Kans., is visiting his sister, Mrs. Bertha Mahler.

Mr. and Mrs. M. L. McGehee and daughter, Sarah Beth, Mrs. Othelo McGehee, also Roy Stocket and Glen Mahler, all took advantage of the special train and visited the Centennial at Dallas, Friday and Saturday.

Mr. and Mrs. Bud Roberts of Canyon visited in the parental Moore home Sunday.

M. C. Sluder and family, also Altus Modisette of Happy visited in the Sluder home Sunday.

Joyce Lane is home from Oklahoma.

Noble Gillham of Pampa is here sowing wheat on his mother's place.

Mrs. Fannie Franklin and daughter, Fannie Mae, made a business trip to Happy Saturday morning.

Mr. Stevens has lately had a large 8-room house moved from Panhandle. The large trucks moved it without any damage to the building.

A Hallowe'en Carnival and program sponsored by the school will be given at the shool house Friday night, Oct. 30. Everyone is invited.

Rev. Foster and wife, Rev. Lewis and wife of Amarillo, visited in the Lem Fisher home one day last week.

Mr. and Mrs. J. T. McGehee, Jr., Mr. and Mrs. Gem Carter, and Billie Jeanne, spent Sunday with their mother, Mrs. T. G. Knox in the Sunny Hill community.

Mr. and Mrs. Bob Knox and son R. L., of Lone Star, visited relatives at Wayside Sunday.

Mrs. Aikens, formerly of Wayside, died Oct. 5, at Brownwood, where she has made her home the past few years.

Miss Frances Knox of Happy and Roy Browder of Stratford were married Oct. 18, by Rev. Raney at Happy. The young couple will make their home near Stratford.

Thirty-three nice gifts were presented to Miss Frances Knox at a shower given at the home of Mrs. George Gillham, Oct. 15. Refreshments were served to twenty-eight guests.

Mrs. Jim Stoddard and two children, Mr. and Mrs. R. E. Carter and Mrs. J. H. Patterson of Amarillo visited in Wayside Thursday.

Marriage isn't a lottery at all, as is sometimes said. In a lottery when you draw a blank that's the end of it.

Helps Babies Rest Ends Colic Pains Aids Digestion

When your baby tosses about, cries in pain and cannot sleep, why not get at the cause with McGee's Baby Elixir. It neutralizes indigestion acid, ends gas cramps and colic pains and then helps them become cheerful again. They sleep better. McGee's Baby Elixir is made of the purest medicinal extracts and syrup. It cannot harm. Years of use has proven that. Simple directions tell exactly how to use it. Tastes good. Gives relief promptly. Two sizes: 35c, 60c. (adv)

Presenting the phenomenal facts about GULFPRIDE

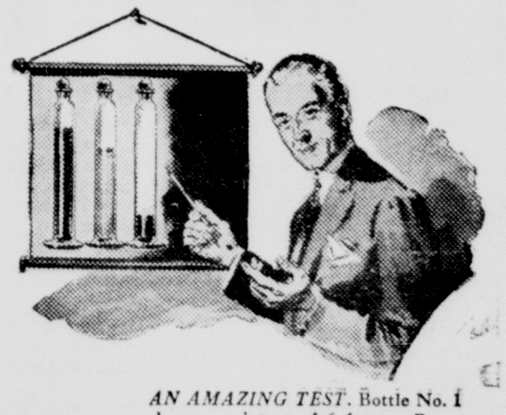
THE WORLD'S FINEST MOTOR OIL

THE facts on this page sound hard to believe. But here is the reason why GULFPRIDE—and only GULFPRIDE—can accomplish such results . . .

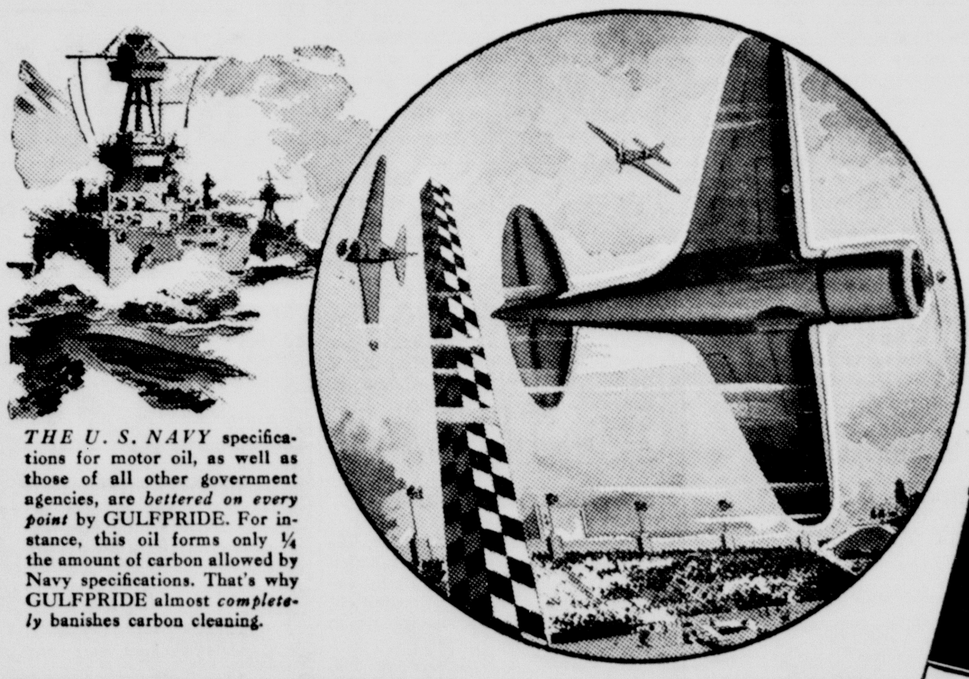
Gulf begins with selected Pennsylvania crude, refines it to a motor oil that equals the best—*then further refines it by the exclusive Alchlor process.*

Only GULFPRIDE is made by this process—result of 15 years' research—the same scientific research that has made every Gulf product a leader.

Read the facts below. Then drain your dirty summer-worn oil and refill with GULFPRIDE now. At all Gulf dealers.



AN AMAZING TEST. Bottle No. 1 shows a mixture of 6 famous Pennsylvania motor oils. Bottle No. 2 shows them after being put through Gulf's Alchlor process. Bottle No. 3 shows the *20% waste* removed from these already highly-refined oils by Gulf's Alchlor process. This process starts where others stop! That's why GULFPRIDE is the world's finest motor oil.



THE U. S. NAVY specifications for motor oil, as well as those of all other government agencies, are *bettered on every point* by GULFPRIDE. For instance, this oil forms only ¼ the amount of carbon allowed by Navy specifications. That's why GULFPRIDE almost *completely* banishes carbon cleaning.

TOPS IN THE AIR—8 out of the 11 winners in last year's National Air Races used GULFPRIDE OIL, the *identical oil* you can buy for your car at any Gulf dealer. This "aviator's oil" will take you farther before you need to add a quart than any oil you ever used!

GULFPRIDE

THE ONLY ALCHLOR-PROCESSED 100% PURE PENNSYLVANIA OIL

Social Events of the Week

PARK CLUB ELECTS NEW OFFICERS

Plans for the "Achievement Day," featuring sponge cakes and their variations were made by the Park Home Demonstration Club at the home of Mrs. Mary Simon, Oct. 15. This event is to be with Mrs. C. C. Benton, Nov. 5. Arrangements were also made for the club Hallowe'en party to be held at the Harding Ranch.

Officers for the following year were elected. They are: Mrs. John Coburn, president; Mrs. C. C. Benton, vice president; Mrs. W. E. Bennett, secretary and treasurer; Mrs. Charles Thurman, reporter; Mrs. J. E. Park, parliamentarian; and Mrs. James Eddie Park, council member.

The hostess, Mrs. Mary Simon, served refreshments to Mrs. E. E. Adams, guest, and the following members: Mrs. W. E. Bennett, Mrs. C. C. Benton, Mrs. O. E. Sherer, Mrs. Flynn Winters, Mrs. Frank Winters, Mrs. Herrick Simon, Mrs. Frank Simon, Mrs. Leonard Winters, Mrs. C. F. Moore, Mrs. Ivan Pitt, Mrs. Charles Thurman, Mrs. Mamie Sherer, Mrs. J. E. Park, Mrs. James Eddie Park, Mrs. A. C. Roddy, Mrs. John Coburn, Mrs. John Ladehoff, Mrs. Wilbur Wagner.

BRUCE CARRUTH ENJOYS 4th BIRTHDAY TUESDAY

Little Bruce Carruth immensely enjoyed his fourth birthday, Tuesday afternoon when his mother, Mrs. Irby Carruth, gave a party for a large group of little folks.

Hallowe'en decorations and favors of whistle blow-outs were used, which made the occasion a gala one for the tiny tots.

Refreshments of pumpkin faced cup cakes, orange jello with whipped cream, hot chocolate, and owl and pumpkin candies, were served to 28 little guests.

Assisting Mrs. Carruth were Mrs. Bill Branson, Mrs. W. C. Black, and Mrs. Felix Neff.

ALPHA CHI SPONSORS ENTERTAIN WITH PICNIC

The sponsors of Alpha Chi entertained the members last Thursday evening with a picnic and outing at the Canyon Country Club.

The picnickers gathered at the college at 4:30 and were off for their bonfire lunch of wieners, eggs, cookies, marshmallows, buns, and coffee.

The hosts and hostesses: Mr. D. A. Shirley, Dr. Ford Fronabarger, Miss Hattie M. Anderson, and Miss Edna Graham, had for their guests Misses Mildred Lindsey, Marion Wade, Ruth Mary Conrad, Elizabeth Neil, Margaret Cope, Christine Cousins, Hope Bussey, Louise Hamm, Ora Mae Harris, Ruth Dill, Irma Jane Pate, Kathryn Robinson, Georgene Henson, Irene Coke, Mesdames R. E. Harter, Guy Tabor, Lee Johnson, and J. C. Baker, Otis Harmon, Don Savage, Landon Terry, O. J. Richardson, Roach Allen, and Ross Wilson.

Help Keep Canyon Clean!

HOUSEHOLD HINTS FROM H. D. CLUB WOMEN

To sharpen machine needles when they become dull sew on a piece of sand paper as sewing a piece of material, says Mrs. Frank Winters of the Park Home Demonstration club.

Keeping a high school girl in style can cost very little if you can sew, says Mrs. F. M. Brazil of the Edgetown Home Demonstration Club. From an old long coat, with fur on it, I made a lovely plain tailored three-quarter length coat. The total cost was 55 cents, and that was for buttons, buckle and pressing.

A few ears of corn goes a long way when made into hominy and really I find hominy very easy to make, said Mrs. W. T. Davis, co-operator of the Edgetown Home Demonstration Club. I use 2 tablespoons of lye to a gallon of water, let it boil, drop in the corn and boil for 30 minutes. I have always had trouble getting rid of the husks and blackeyes, but have discovered that if I put it in a flour sack after rinsing and rub it in the sack, the cleaning process is shortened more than half. After boiling in fresh water the hominy is then canned and ready to be processed.

Since woodenware has become so popular, I decided to make some for myself, said Mrs. Ivan Pitt, co-operator of the Park Home Demonstration Club. I tacked a small rope around the top of a small unfinished wooden bowl. This rope made the handles. Then I took a small wire and made miniature branding irons, using these to burn a border just inside the upper edge. Oil paint was used to make a cowboy picture in the bottom of the bowl. All was finished in clear varnish.

1925 BRIDGE CLUB WITH MRS. JIM ROSE

Hallowe'en table accessories were used by Mrs. Jim Rose Wednesday afternoon when she entertained members of the 1925 Bridge Club at her lovely home east of Canyon. Beautiful arrangements of fall flowers were used for house decorations.

Chicken salad on shredded lettuce with potato chips, smacks, macaroons, Hallowe'en candies, and coffee were served by the hostess.

Present were Mrs. J. J. Walker, Mrs. Frank Phillips, Mrs. R. N. Barnett, Mrs. Burt Newlin, Mrs. G. A. Farlow, Mrs. Joe Black, Mrs. J. L. Duflot, Mrs. Hud Prichard, Mrs. C. A. Murray, Mrs. J. Madison Daugherty, Mrs. George Nance, Mrs. Golden Green, Mrs. Owen Williams, Mrs. J. D. Barker, Mrs. Wm. M. Anderson, and Mrs. R. E. Ball.

MRS. J. B. POPE HAS CHURCH CIRCLE

The Martha Stewart Circle of the Methodist Church met with Mrs. J. B. Pope and her mother, Mrs. Stewart Tuesday in the monthly social and business meeting.

Mrs. Frank R. Phillips introduced Miss Walker, guest speaker, who very interestingly spoke on Cuba. The next meeting will be Nov. 17, with Mrs. P. L. Walters of 2109 Eighth Avenue.

Delicious pumpkin pie topped with whipped cream, nuts and coffee were served to Miss Walker, Mrs. Alfred Bellah, Mrs. S. H. Condron, Mrs. Levi Cole, Mrs. J. B. Morrisset, Mrs. Geo. I. Taylor, Mrs. Phillips, Mrs. P. L. Walters, and Mrs. F. W. Maxwell, a new member of the Circle.

CALLED MEETING FOR THE CENTERVIEW CLUB

Members of the Centerview Home Demonstration Club met in called meeting Tuesday, Oct. 20, at the home of Mrs. S. F. Sharpes.

The menu and entertainment for the Achievement day program was planned; also plans for the county cake scoring were discussed.

Those present were: Mrs. E. W. Schaeffer, Mrs. L. H. Barnard, Mrs. E. M. Wilson, Mrs. J. W. Wesley, Mrs. Harney Rogers, Mrs. Serena Bryan, and Mrs. Sharpes.

THREE HUNDRED ATTEND ALL-CHURCH ROUND-UP

The annual church social of the Baptists of Canyon took the form of an old-fashioned Round-up held in the church parlors last Thursday evening, at 8 o'clock.

The affair, which was one of the most successful in the history of the church, was attended by more than three hundred guests, who were entertained by a novel theme program and social hour. The chuck wagon installed at one end of the hall, the cowboy regalia worn by the committees and many of the guests, the tin cups, and the clever miniature cowboys made by Mrs. Bill Money to serve as plate favors, all, lent a real cow-town atmosphere.

The program was provided by Mr. Burney Slack, new superintendent of the Sunday School, Dr. Harris M. Cook, Mr. Harden, each of whom made a short speech; J. C. Baker, Jr., soloist; Trannie Mae Russell, reader; Mr. G. N. Reid, champion story teller; and music and singing by Mills, Wood, Young, and Kilpatrick, of the T-Anchor Cowboys.

Mrs. G. R. Reid, general chairman in charge of the party, was assisted by Mrs. R. W. Ratcliff, hostess; B. T. Johnson, chuck master; J. R. Hicks, announcer; G. B. Combs, who made the "Son-of-a-gun" stew which was served at the chuck wagon, and Mrs. Frank Hicks in charge of the kitchen.

During the social hour groups of young people of the church entertained the crowd informally by singing popular songs and pep songs.

SERIES OF PARTIES GIVEN BY MRS. MITCHELL JONES

Mr. and Mrs. Mitchell Jones have entertained a large group of friends at their home 2502 Seventh Avenue during the past two weeks upon four occasions with gay Hallowe'en affairs.

A profusion of beautiful flowers were placed at intervals in the spacious entertaining rooms, furnishing a decorative background in keeping with the Hallowe'en spirit. Bridge table appointments were of the chosen theme.

The first party was held Monday night, Oct. 12, with eight tables of bridge as the chosen diversion of the evening. Small colored orange and black favors were given as prizes to the guests during the games. Colorful paper covers were laid for the dessert course of fruit cake and frozen punch, which was served at a late hour.

Last Thursday evening, Oct. 15, another group of guests enjoyed an evening of bridge with Mr. and Mrs. Jones. Small Hallowe'en noise makers, hats, and jack o' lanterns were given as awards during play. Pumpkin pie was served to guests at eight tables after the games.

At the gala affair Friday afternoon, two traveling prizes were given Mrs. George Nance and Mrs. Aubrey Fox at the conclusion of bridge played at eight tables. A delicious salad course, which carried out the chosen color theme, was served at the tea hour.

Bridge and forty-two were played at ten tables Monday evening with Mr. and Mrs. Mitchell Jones acting as host and hostess. Again the black and orange color scheme was successfully carried out by the use of tallies, score pads, small prizes distributed throughout the games, and by the use of paper luncheon sets at the refreshment hour. Pumpkin pie was served by the hostess at a late hour, thus completing a very delightful series of parties at the Jones' spacious home.

COVERED DISH LUNCHEON FOR M. E. SOCIETY

Mrs. Wm. Ash of Umbarger entertained ladies of the Methodist Missionary Society Tuesday. A delicious covered dish luncheon was served at the noon hour and enjoyed by a large number present.

The subject for study was "The Preface of Racial Understanding" with the National Geographic as supplementary reference. Mrs. A. W. Sternenberg led the discussion with Mrs. C. M. Dowlen, Mrs. I. C. Jenkins and Mrs. R. McGee assisting. Mrs. R. E. Foster spoke on Social Relations. The devotional consisted of sentence prayers.

Present were: Mrs. F. M. Munson, Mrs. H. E. Clark, Mrs. S. B. Loudder, Mrs. Sternenberg, Mrs. Dowlen, Mrs. Jenkins, Mrs. B. F. Oatis, Mrs. J. M. Craig, Mrs. J. H. Braswell, Mrs. McGee, Mrs. J. O. Quattlebaum, Mrs. Foster, Mrs. J. W. Shook, Mrs. F. M. Faulkner, Mother Collins, and Mrs. Ash.

ROOT-LAUGHERY ARE WEDDED SUNDAY

Miss Florence Root and Mr. Elvert Laughery were quietly married in Dalhart, Sunday, Oct. 18, by the Rev. J. M. Carpenter, pastor of the Methodist Church in North Dalhart.

The bride, a daughter of Mr. and Mrs. N. E. Root, has lived in Canyon many years where she has attended school.

Mr. Laughery is a son of Mr. and Mrs. Carl Laughery of this city. He is a graduate of the Canyon High School. The couple will continue to make their home in Canyon as the groom is associated with his father in the City Market.

BEAUTIFUL PARTY FOR BUSINESS WOMEN

Beautiful in detail was the party given by Mrs. Donald Trolinger and Mrs. Lee Foster Wednesday evening for the Business Women's Club of Canyon. The lovely home of Mrs. Foster, decorated with dahlias and marigolds, arranged for five tables of bridge was suggestive of the Hallowe'en spirit.

High score winner for the evening was Miss Olive Schramm. Misses Ruth Greenfield and Virginia Jarrett tied for second high. In cutting for the prize, Miss Jarrett drew high.

Gaily decorated Hallowe'en covers were laid at the refreshment hour and the tables were centered with Jack O'Lanterns that shed their ghostly smile about the darkened rooms. An attractive salad plate with pumpkin tarts topped with whipped cream, and coffee was served.

Present were: Misses Marie Fronabarger, Pauline Crittenden, Gwendolyn Black, Ruth Greenfield, Gladys McClanahan Mattie Jordan, Olive Schramm, Elva Fronabarger, Orpa Dennis, Fannie Sue Brasuel, Annie Ruth Eastus, Jewell Foster, Virginia Jarrett, and Grace Clark; Mrs. Earl Robbins, Mrs. T. C. Thompson, Mrs. Berl Mayfield, Mrs. J. J. Walker, Mrs. N. E. McIntire, Mrs. C. R. Flesher, and Mrs. Clyde Davis.

MRS. DEWEY FOSTER HAS MISSIONARY CIRCLE

The Rose Appelby Circle of the Baptist Church met at the home of Mrs. Dewey Foster Tuesday for a Bible study directed by Mrs. L. Wirt.

A salad course was served to Mrs. Frank Hicks, Mrs. Jay Prichard, Mrs. Wm. Dickerson, Mrs. J. Madison Daugherty, Mrs. T. S. Furlow, Mrs. Mark Laughery, Mrs. Ed Phillips, Mrs. Henry Cone, Mrs. R. A. Hodges, and Mrs. Wirt.

If you need a new chair or rocker Thompson Hardware Company has it. 1t

CENTERVIEW CLUB ELECTS NEW OFFICERS FRIDAY

Election of new officers was the chief business at the meeting of the Centerview Home Demonstration Club, Friday, Oct. 16, in the home of Mrs. Serena Bryan.

Some very interesting responses to roll call were given on "One thing I have learned in Club work this year." Officers elected were: Mrs. S. F. Sharpes, president; Mrs. E. M. Wilson, vice president; Mrs. Harney Rogers, secretary-treasurer; Mrs. E. W. Schaeffer, council delegate; Mrs. L. H. Barnard, reporter.

Plans for the Hallowe'en carnival on Oct. 31 were completed and reports from council delegates were given.

Those present were Miss Othell Wesley, Mrs. E. E. Wesley, Mrs. E. M. Wilson, Mrs. Harney Rogers, Mrs. H. H. Sutton, Mrs. E. W. Schaeffer, Mrs. S. F. Sharpes, Mrs. H. H. Shipman, Mrs. G. E. Wesley, Mrs. L. H. Barnard, Mrs. J. W. Wesley and Mrs. Bryan.

The next meeting of the club will be Nov. 6 in the home of Mrs. J. W. Wesley, which will be the Achievement Day program.

CAKES SCORED AT LAST MEETING OF RALPH CLUB

Miss Allie Dozier scored angel food and sponge cakes at the all day meeting of the Ralph Home Demonstration Club which met Wednesday, Oct. 14, at the home of Mrs. Clarence Bauer. A covered dish luncheon was served at the noon hour.

Plans for the county cake contest to be held at the Legion Hall, tomorrow were discussed. The time for club meetings was changed to 2 p. m. Officers will be elected at the next meeting, Oct. 28 in the home of Mrs. Ross Craig.

Those present were Mrs. Fowler E. McDaniel of Happy, Miss Lois Persons of Amarillo, Mrs. Kate Childs of Mississippi, and Miss Luella Spiser, all visitors; Miss Allie Dozier, Mrs. Kenneth Burum, Mrs. Lonnie Byars, Mrs. Ross Craig, Mrs. T. C. Gooch, Mrs. Ruth Hill, Mrs. Stacy Howell, Mrs. Carl Schroeder, Mrs. B. D. Springer, Mrs. W. L. Browning, Mrs. Lynn Heizer, Mrs. H. G. Persons, and the hostess, Mrs. Bauer.

ALL DAY AFFAIR FOR BLUEBONNET CLUB

The Bluebonnet Needle Club met with Mrs. Guy Cole Friday with a covered dish luncheon and quilting. Lovely fall flowers were used by the hostess for the room edcorations.

Birthday gifts were presented to Mrs. J. B. Morrisset and Mrs. Norval Dickerson by the club. Names were drawn for an apron shower to be given the 20th of November.

Refreshments were served in the afternoon to those present.

Neighbors and members enjoying either all or part of the day were: Mrs. Minnie Laughery, Mrs. Elmer Marshall, Mrs. J. A. Wiseman, Mrs. Jay Prichard, Mrs. George Small, Mrs. Levi Cole, Mrs. Fred Mye, Mrs. Tom Brasher, Mrs. J. B. Morrisset, and Mrs. Dickerson.

MRS. KUNZE AND MRS. PIERLE ENTERTAIN

Honoring Mr. and Mrs. Fanshaw Chamberlain of Farmersville, Va., Mrs. W. C. Kunze and Mrs. C. A. Pierle entertained Tuesday evening with three tables of bridge at the home of Mrs. Kunze.

An attractive refreshment plate of pumpkin pie topped with whipped cream, coffee and mints was served.

Guests were Mr. and Mrs. Chamberlain, Mrs. Wm. Robinson, Mr. and Mrs. W. C. Black, Mr. and Mrs. Joe Black, Mr. and Mrs. O. L. Coleman, Mr. and Mrs. Clarence Thompson, and C. A. Pierle.

Mr. Chamberlain is a brother of Mrs. Robinson.

Again yesterday afternoon Mrs. Kunze and Mrs. Pierle entertained with bridge with Mrs. Chamberlain as special guest.

Bridge guests were Mrs. F. E. Savage, Mrs. W. E. Miller, Mrs. Smith, Mrs. F. W. Wilkinson, Mrs. O. L. Coleman, Mrs. Wm. Robinson, Mrs. Chamberlain. Guests coming in for tea were Mrs. L. M. Cousins, Mrs. M. E. Cleavinger, and Miss Cora Wilds.

A pineapple ice salad with wafers, pumpkin tarts topped with whipped cream, coffee and mints were served by the hostesses.

Bowls of fall flowers were used for house decorations for both occasions.

MRS. BAILIE McCORMICK HOSTESS CALLED MEET

In a called meeting at the home of Mrs. Bailie McCormick, the Zita Home Demonstration Club elected its officers for the coming year as follows: Mrs. E. A. Michael, president; Mrs. Lawrence Fulton, vice president; Mrs. Bailie McCormick, secretary-treasurer; Mrs. J. P. Upchurch, reporter and parliamentarian; and Mrs. Eula Watson, council representative.

Demonstrations for the coming year, which will be presented to the county Council Saturday, were outlined and discussed.

Mrs. J. P. Upchurch, farm food supply demonstrator, presented her plans for achievement day to be held at her home, Nov. 10th.

Those present were Mrs. Eula Watson, Mrs. Upchurch, Mrs. Rufus Ziegler, Mrs. John Moody, Mrs. Lawrence Fulton, Mrs. Emma Gruner, Mrs. D. C. McCormick, Mrs. E. A. Michael, and the hostess.

CARD OF THANKS

We wish to thank our host of friends for the many kind words and dees, and the beautiful floral offering at the death of our husband, father and brother, William Schroeder.

Mrs. W. H. Schroeder
Virginia Schroeder
Mr. and Mrs. S. V. Dodson
Mr. and Mrs. C. R. Reeder.

R. W. Ratcliff is home for the winter after working in Pampa during the past year.

MOVED!

I have moved my office to the Arnold building just west of Consumers Service Station.

I will be associated with the Randall County Motor Co., but will continue my Automobile Loan business.

No matter where you purchase an automobile I will be glad to consider advancing you the money to pay for it.

Johnson Items

Mrs. W. O. Burnett and daughter, Mary Lou, of Canyon spent Saturday evening in the J. J. Bauer home.

Supper guests in the L. F. Spiser home Sunday were the Rev. Sager of Lockney, Mr. Wichman of Olney, and Dorothy Bauer.

Mrs. E. J. Bauer and children were business callers in Amarillo Saturday.

Those attending the surprise birthday party of Nora Lee Brazil in Canyon Saturday night were Dorothy, Evelyn and Elsie Bauer, Frederick, Luella, Ardelle and Lula Spiser, Marvin Fehr, Mrs. E. B. Harvey and F. H. Bauer.

Mr. and Mrs. E. H. Bauer attended the Legion meeting Friday night.

Julius Goettsch and Margie, Carrie, Junior, and Thelma Bauer attended the program of Cal Farley at Kaffir Friday night.

Lutheran church services were held at the Johnson school Sunday. On Nov. 1st, special mission services will be held at 7 o'clock p. m. Anyone is welcome to attend.

Mrs. Clarence J. Bauer entertained the Ralph H. D. Club Wednesday with an all-day meeting.

Members of the community spent Saturday in Happy.

Mesdames E. B. Harvey and I. L. Bauer, C. W. Bauer and J. J. Bauer attended to business in Canyon Saturday afternoon.

Miss Ardelle Spiser spent Saturday evening with Nora Lee Brazil.

J. J. Bauer and Lula and Luella Spiser called in Amarillo on business Friday.

J. J. Bauer and Finis Brazil left Monday night to attend a commissioner's and roadmen's convention at Dallas. They will also attend the Centennial.

Mr. and Mrs. Ed Little and boys of Panhandle were callers in Canyon yesterday.

Dr. and Mrs. R. P. Jarrett are visiting the Centennial at Dallas and Fort Worth this week.

CHURCH OF CHRIST

Earl L. Craig, Minister.

The following services are open to the public at the Church of Christ:

Bible study every Sunday morning beginning at 10 o'clock.

Preaching every Sunday beginning at 11 a. m. and 7:30 p. m.

The Lord's supper every Sunday at 11:45 a. m. and 8:15 p. m.

The young people's class every Sunday beginning at 6:45 p. m.

The women's Bible class every Wednesday beginning at 3 p. m.

Mid-week service every Wednesday beginning at 7:30 p. m.

Plan to be with us in these services.

Billion a Year for National Defense Program Spurs U. S. in Arms Race

WASHINGTON.—A billion a year for national defense!

That is the military pace Uncle Sam approximates today and may exceed in 1937.

Thundering bombing planes are taking form, the army is strengthening its ranks, and giant battleships are sliding down the ways these days to mark the greatest peacetime armament in the history of the country.

During the current fiscal year the navy is spending $529,125,806 and the army, for strictly military purposes, $383,104,859. That totals $912,230,665, but together the two services will probably spend $984,000,000, since they have money left from earlier allotments.

And next year? A national defense budget in excess of $1,000,000,000 is already predicted in informed quarters. America has plunged full depth into the world armament race.

• • •

THIS is necessary, the president has pointed out, "to meet the policy of the Congress and the executive in making up for the delay by the United States in bringing the navy up to strength contemplated by the naval treaties of 1922 and 1930 and to provide replacement and improved equipment and additional personnel for the army."

And so the navy enlisted strength is moving up toward 100,000, while the army is being increased from 150,000 to 167,000. Adding officers and men in army and navy, national guard and coast guard, West Point and the Annapolis cadets, the total forces of the United States now number 485,000.

If to these were added reserve officers, the personnel of the CMTC camps, and school students receiving military training, the number of men in uniform would total 695,000.

• • •

BUT that is only one phase of this new spurt in national fense. During this fiscal year the number of vessels in commission is expected to increase from an average of 312.3 to 319.6 and the number of planes from 958 to 1259.

Five ships recently have been completed, one gigantic aircraft carrier, the $19,000,000 Enterprise, and still under construction are 83 ships—two of them aircraft carriers, 12 cruisers, 13 destroyers of more than 1500 tons, 40 of 1500 tons or less, and 16 submarines.

Moreover, since Great Britain is committed to laying two 35,000-ton battleships next year and no treaty then will bar construction, United States is planning construction of two equally large men o' war. Installation of 18-inch guns is tentatively considered.

• • •

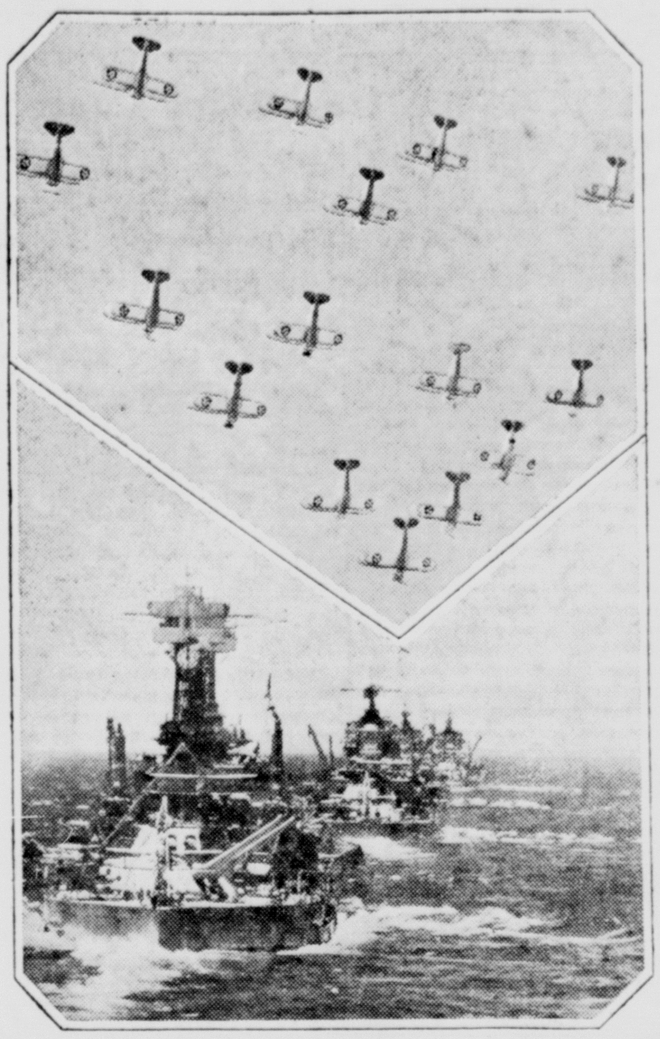
IN all it is a far cry from the national defense attitude of other post-war days. In 1933, for instance, the War and Navy Departments spent $648,149,000. The next year, Roosevelt cut expenditures to $540,358,000.

Then the full significance of European armament struck America—Mussolini in Ethiopia, Hitler in the Saar, Russia in the east. Thenceforth expenditures rose rapidly.

They do not indicate, however, any jittery sort of war scare. President Roosevelt's warning to Congress is the real key:

"We must take cognizance of marked trends toward aggression, of increasing armaments—a situation which has in it many elements that lead to the tragedy of general war.

"The United States can play but one role: through adequate defense, to save ourselves from embroilment or attack."



Strengthening the air forces, building a navy second to none, modernizing the army—these are the objectives of the new national defense. Co-ordinated power of these forces is illustrated above, with fighting planes in the air, fighting ships on the water. Here is the navy at its best to guard American shores.

Leon Blum, Premier of France: "Democracy, which rests upon and which imposes order upon the thoughtful will of the greatest number, is contrary to anarchy."

Fairview Breezes

There was a goodly number out for Sunday School and B. T. S. the past Sunday. Next Sunday a missionary program will be given by different members of the Sunday School classes.

Mr. and Mrs. E. M. Wilson and children and Mrs. Harry Folk and children were in Amarillo Saturday.

Mrs. J. W. Wesley and Othell and Arlen Ray Wesley were in Amarillo and Canyon Saturday.

Mr. and Mrs. Albert Legate and family and Erma Mae Sutton visited in Tahoka the past week end.

Jimmie Carr visited Jack Sutton Saturday night.

Edgar Washburn and Melvin Schaeffer were in Dallas at the Centennial last week end.

Mr. and Mrs. E. E. Wesley had as guests Sunday, Clyemma Belle James, Leona and Geraldine Sharpes.

A number from this community attended the singing at Sunny Hill Sunday.

EPISCOPAL CHURCH

The Rev. Warwick Aiken will have the Service of Evening Worship at All Saints Chapel Sunday evening at 7:30 o'clock.

Some people can sit in an easy chair and still get an awful lot of hard work done.

A man it seems, never gets old enough to know better until he's old enough to die.

LOCAL NEWS

Mrs. Ted Schuler and children of Petersburg are visiting this week with her sisters, Misses Ruth, Armor Lee, and Billie Greenfield, and Mrs. J. Madison Daugherty.

James Cole and W. E. Miller attended the Parade of Champions at the National Dairy Show in Dallas during the week end. They visited other Centennial attractions while there.

L. Shuman of Spearman visited here with his family Sunday.

Don't talk about rugs, come and see the new arrivals at Thompson Hardware Company. 1t

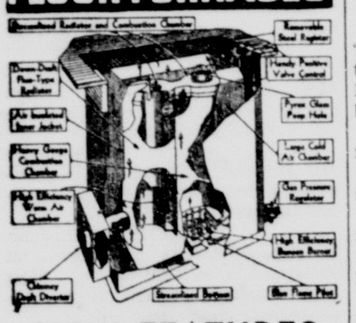
Generally the fellow who claims to know all about women is a bachelor.

Coleman

GAS-BURNING FLOOR FURNACES

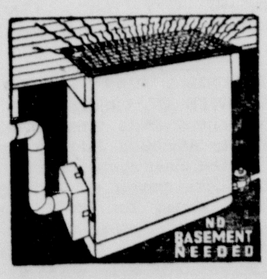


NEW FEATURES ASSURE MORE HEAT at LOWER COST

THE new features illustrated in the diagram above make Coleman Floor Furnaces unequalled in satisfactory and economical heating service.

1. **Streamlined Air Chambers** speed up flow of fresh, clean, heated air.
2. **New High Efficiency Burner** saves fuel, burns gas without waste.
3. **New Construction of Combustion Chamber and Radiator** reduces heat losses... puts more useful heat into the room.

The Coleman Floor Furnace air conditions your home for wintertime comfort, sprays the thoroughly warmed air into the room; keeps it in active circulation; ends heating troubles; reduces heating cost. Come in and let us tell you about it!



CANYON HARDWARE COMPANY

SIDELIGHTS

By MARVIN JONES
Member of Congress from Texas.

One often hears the expression, "I'll admit that conditions are better. I'll admit that my business has improved. I'll admit that all business is better, but—

"How are we going to pay for it?"

That is a fair question. Let us analyze the facts.

Deducting the cash on hand, the national debt has increased about 10½ billion dollars in the last 3½ years.

Yet our annual interest bill is more than 100 million dollars less than it was in 1923, when the public debt was considerably less.

How can this be?

It simply means that the interest rate has been greatly reduced not only on the new debt, but that the old debt has been called and refinanced at a much lower rate.

It is interesting to note that if amortized over a period of years, the necessary annual payment to pay off the entire present national debt—principal and interest—would be less than the annual payment to pay off the 1923 debt under the rates then prevailing.

But this is not all. It is morally certain that we will get back about 5 billion of the 10½ billion increase. This will be done through collections on various loans and advancements that have been made.

In addition, the national income has increased from 39 billion to above 60 billion dollars. The value of all securities and of all properties has vastly increased.

These are all record figures.

If the soldier's bonus is left out—and that was simply trading one form of obligation for another and did not increase the national debt, and therefore hangs on a different hook—the appropriations made by Congress for the fiscal year beginning July 1, 1936, were actually 1½ billion less than the appropriations for the fiscal year before that.

And yet, with improved business conditions, the situation will be better cared for than with the larger appropriations of last year.

If similar reductions can be made for the next two years, the national budget will be balanced.

There should be and I believe will be such reductions. Unnecessary emergency activities can and should be eliminated.

If this is done, I believe it will be far better than the wholesale bankruptcy, liquidation and repudiation that would have been the inevitable result if the do-nothing policy had been continued.

Colorama Dial Is One of Amazing Advances In New G-E Radio Sets

Assures Perfect Tuning, Best Program Reception; Many Other New Features

The colorama dial, an amazing new radio development that automatically changes from red to green when a program is perfectly tuned and assures flawless reception, is one of several new achievements created for General Electric's new line of "Focused Tone" radio receivers now on display at Thompson Hardware Co.

Acclaimed as a distinct advance in the radio art, the new dial is a product of the same engineering skill that pioneered and developed the famous metal tubes, with which all General Electric radios are equipped. It answers the long-felt need for a visible, sure method of reaching the highest point of tuning perfection. When the dial shows its brightest green, program reception is at its peak, furnishing life-like tone and undistorted reproduction. The bright green also gives the signal that the station being received is strong and free from noise.

Other new radio advances include: an automatic frequency control that instantly snaps the circuit into "focused tone" position; a local station personalizer that provides "custom-made" stations identification; and a silent tuning control that allows switching from one station to another in absolute silence.

Radio enthusiasts will also see many new cabinet designs, employing specially selected woods and finishes of rare beauty. They are the products of master cabinet workers and were designed by General Electric's stylist in collaboration with the country's foremost furniture makers.

Codfish are used as a medium of exchange in Iceland. Dora thinks that's where the expression C. O. D. originated.

"Blast Rips Cleveland Stadium." These football coaches will have to get better control of their fullbacks.

The average person uses about 34 pounds of air a day, but house to house canvassers get more than that.

Attention Thrifty Shoppers!!!

Ladies' Blouses
Taffeta or Satin in new shades. New patterns and materials each week. Choice.

Down The Hornets!

THE EAGLE'S TALE

Attend P. T. A. Carnival!

VOL. NO. 11. CANYON, TEXAS, OCTOBER 22, 1936. NUMBER 6

Wal, wal.

I hear someone up thar at school has stole my stuff. Glyn Persons has been being called "Cowboy Persons." Reckon it's in person or an impersonation? I think I'm getting personal.

Some of the drum corps girls would like to know just who "Miss America" is; the only one likely to know is the vice president of th Chamber of Commerce.

Billy Jo Hunter and Annie Ruth Schmitz are as clever with their love as can be.

By th way, did you notice Mary Catherine's knees after she went skatin' with a certain football hero? I do wonder whether C. L. was tacklin her or whether the sidewalk flew up and met her. Wal, I'm shore we'll beat Tulia becus Jimmie Pope and C. L. and the manager are all really good at tacklin th sidewalk, cause Lillian was along for Jimmie.

Frum the looks uv things, I believe them Eaglettes are gonna fly over everybody this year.

Henry Campbell shure has the gals; it's Hazel S. now. I wonder what Orange Peel thinks.

You Eagles shore better fight them Hornets—

Boom! Boom!

What's coming?

Hornets.

Come on: Hornets are waiting to hoop you.

More power to you, Eagles.

Cactus.

P. S. I just received a letter from Cupid and here it is:

Dear Cactus;

I have been snooping around lately and I find there is a certain little senior girl who would be very thrilled to get a date with Captain Jack Middleton. A birdie told me the little girl's initials are B. G.. Well, I'll do my best.

Love, Cupid.

HERE'S HOW! CHAMBER OF COMMERCE

"Oh, the Chamber of Commerce is sending the Drum Corps to the Centennial; Isn't that swell!" Without stopping to wonder why the Chamber of Commerce should be doing this, the girls were off for Dallas, Fort Worth, and the Texas Centennial expositions.

They were there and back all in a drum. "We saw everything, and the Chamber of Commerce was just too good to us; they paid for our train fare and our hotel rooms, and took us on sight-seeing tours, besides doing other thoughtful things."

It was the Chamber of Commerce this and the Chamber of Commerce that. Yet late Thursday evening, when the girls had worn themselves out from tales of its generosity, one girl was heard to ask, "Say, just what does the Chamber of Commerce really do?"

How very absurd! Yes, it certainly was; and yet, the majority of high school students don't know now what the Chamber of Commerce really does.

The organization is made up of business and professional people of the town. Their business is to boost and advertise Canyon.

Thanks to the Chamber of Commerce for boosting enough to send our drum corps to the Centennial. Our hope is that we advertised Canyon enough to repay the organization.

NEW, BRAND NEW!

Here we are on a new six weeks. Did you get over the line, below, or on? Some of the students do only what they have to do in order to pass; others do what they like; few do over the amount assigned.

I think the work is much more pleasant if you do it of your own free will and not because you are made to do it. If you are interested in your work you do better; you do the work because you like it and not for a grade.

Hearing this remark, "I wish there were no grades, only pass or fail," made an impression on me. The student would then work and do more and not think of just a grade, but of the work, the interesting subjects that are offered in school.

Only A Nickel, 5c! P. T. A. Carnival Comes To Town

"Hey, hey, Ladies and Gentlemen! Right over this way to see the,—oh, right over this way! It's only 5c, 5c, just think, what a bargain!" So, the P. T. A. Carnival arrives a week from tonight, at 7:30 o'clock at the Canyon High School.

The P. T. A. Carnival will bring six good booths, plenty to eat, and again the carnival will have a crown to present to the Queen.

Stunts of all description will be offered by both town and school organizations, which will be presented at the High School Auditorium with chillss, thrills, and a jolly good laugh.

A prize will be given both the best stunt and the concession on midway that brings in the most money.

Come and eat, laugh, see and gaze at with a large crowd at the P. T. A. Carnival at Canyon Public Schools, Oct. 29, at 7:30. It's all a nickle, 5c.

Surprise Party Given Nora Lee Brazil

Mary Jo Avent entertained Nora Lee Brazil with a surprise birthday party Saturday evening at the home of the latter.

Games such as Spin the Pan, Cross Questions and Crooked Answers, and Winkum were played throughout the evening.

Refreshments of punch and cookies were served to Lavert Avent, Eston and J. D. Breitling, Mabry Vandergriff, Annie Mae and Pauline Spencer, Ardelle, Lula, Luella and Frederick Spiser, Glen Moss, Marvin Fehr, Elsie, Dorothy and Evelyn Bauer, and the hostess and honoree.

Peppers Entertain Tulia Squads

Tulia's pep squad and football team and Canyon's football team will be entertained by the Canyon pep squad tomorrow night in the grade school gymnasium after the football game.

Those on the decorating committee are Helen Hurst, chairman, and Hazel Sanders, Natalie Flesher, Mavis Harden, and Evelyn Cluck. The tables will be decorated with maroon and white at one end and purple and white at the other end.

A picnic lunch will be planned and served by the refreshment committee, as follows: Marielle Oldham, chairman, and Jean Slack, Beulah Brasuel, Lillian Chambers, Sarah Thompson, Mildred Shuman, and Marie O'Donald.

The program committee is as follows: Renna Beth Bellah, chairman, and Kate Donnell, Carolyn Mayfield, Edrie McNeill, and Margaret Stewart.

The reception and invitations will be planned by Mary Collins.

GIANT KILLER DISPLAYED AT BARGAIN PRICES

Superintendent I. B. Carruth, main speaker in pep assembly Friday morning, Oct. 16, complimented the football boys and coaches on the spirit they have. Mr. Carruth stated, "The name 'Gian Killers' might be adopted for the football boys because every team they have played are larger than they."

Mr. Milton Morris, manager of athletics, stated that family tickets for the Tulia football game could be purchased for fifty cents, from the pep girls until Thursday at 4 o'clock. A free pass and a dollar will be given to the pupil who sells the most tickets.

GUESS WHO

With blond tresses fair,
She dresses with a grown-up air;
She's only a seventh-grader,
And glasses she does wear.

Answer to last week's Guess Who"—James Pope.

Answer to week before last, "Guess Who"—Joe Gill.

THOUGHT OF THE WEEK

Brains are comparatively common. Their use to capacity is almost unknown.

Wonder if any of the economists who claim a girl can live on $18 a week ever tried marrying one of them?

Eagles Drop Tilt To Claude Mustangs

The fighting Eagles were defeated by the Claude Mustangs 14-9 last Friday afternoon in the Mustang's corral.

The Eagles kicked off to the Mustangs to start the game. The Mustangs returned the ball about 10 yards before they were brought down by the Eagles. The game was a struggle for control of the pigskin the rest of the first quarter. The Mustangs then began to push nearer and nearer to the goal line until they got within fifteen or twenty yards of their destination. A pass was thrown by the Mustangs and "Big Bot" Rusk, Eagle tail-back, intercepted the pass and rushed 95 yards to the goal line. The touchdown was declared illegal because the Eagles clipped an opponent.

The Eagles got the ball on their 20-yard line and battled their way to the opponents' 20-yard line. The Eagles threw a pass which was intercepted. The Mustangs battled continuously until they were within 23 yards of the Eagles' goal. A pass was completed and the Mustangs went over for a touchdown. They kicked their extra point.

Following the half, the Mustangs kicked to the Eagles, who returned the ball to their 40-yard line. The Eagles carried the ball to the Mustangs' 30 yard line. The Mustangs then gained control of the ball and carried it far into the Eagles' territory. The same pass was completed and the Mustangs were over for their second touchdown. They kicked the goal.

The Eagles received the kick-off and returned the ball and got deep into the opponents' territory. A pass was completed by Rusk, and the Eagles were over for their first touchdown. The goal was kicked.

The Eagles kicked to Claude, the ball landing in the end-zone. The Eagles were about to cover the ball when Claude kicked it out of bounds. The Eagles were given a safety.

Claude kicked and the Eagles returned the ball with eight passes until they were within fifteen yards of the Mustangs' goal. The final whistle then ended the game.

Gridiron Gossip

By Bulldog

The Tulia Hornets think they have a walk-over next week when they play the Eagles. Well, they're wrong "Big Bot" Rusk said, "Tulia will think a load of brick hit them when we go on the field with them."

Captain Middleton told me confidentially that the Eagles were going to win that game or break their hearts trying. He said that in this he was expressing the feelings of the whole team.

"Coach Hutto said in assembly that if we beat Tulia we could take district, so we are already looking forward to a district championship team, because we can and will beat Tulia," said Joe Gill to a questioner.

The Eagles are working and hustling harder and with more pepper than ever before in practice. The air is filled with "Beat Tulia." The Eagles are going to do just that.

We want a big crowd out to see that game. Tulia will have a large delegation here and Canyon should turn out in a mass to see the Eagles beat Tulia High School Hornets.

LA TERTULIA SOCIALIZES SPANISH LANGUAGE

La Tertulia, Spanish Club, met last Friday in the auditorium. "Velas Rojas," ("Red Sails in the Sunset") was sung by the class. The story of Pan-American flags was given by Mildred Tucker. A game called "Charlor" ("Gossip") was played by the class. Geraldine Hart gave a piano solo, and "Spanish Gold on Front Street" was the title of a story by Sanford Black. "Canciones" (songs) were sung. The week before last the club members received the song books they now use at their club meetings.

A noted psychiatrist says that the noisest people are those haunted with a feeling of inferiority, and still the politicians shout.

C. of C. Takes Drum Corps To Fairs

By Mary Collins

Overjoyed with the thoughts of the rhythm of beating drums and the clatter of chugging trains, fifteen members of the high school drum corps centered their thoughts on the Dallas and Fort Worth Centennials as they left Canyon last Monday on a special train carrying eighty-six other townsmen. Chamber of Commerce men and drum corps girls are still talking about Canyon Day at the Centennial and their special train ride.

The train that pulled out last Monday bore a total of 101 Canyonites on their way to the Centennial. The drum corps and the Chamber of Commerce filled one coach, while a second coach was loaded with students from the Training School and West Texas State Teachers College. By the time the girls had located their drums and had stopped walking back and forth through the aisles carrying drinks of water in paper cups, the men had stopped raising and lowering windows. Finally things quieted down and everyone started thinking of sleep. Each person crawled upon his seat and unscrewed the light bulb overhead. Only one lone light burned at the end of the coach, but no one could sleep. It was discovered that a bridge game was in full swing under the light. Of course, as it was only 3 o'clock in the morning, it was entirely too early for Canyon's new Ford dealer, Bill Morely, to sleep; so he bid one no trump and went set. After that episode, the light went off and snoozing was heard over the train.

Trouble Sleeping

Seven minutes later came Sweetwater, and heads began popping up as the train switched back and forth for approximately twenty minutes. Next came the North Pole, at least, coats began coming out of bags and girls clung together to keep warm. The ever-watchful conductor discovered the chill about an hour and a half later and turned on the train heat full force. Coats were put back in bags, windows soon went up, and even though wool uniforms don't go well with extreme heat, the group actually slept for a few minutes.

Arrived at Fort Worth

Refreshed by the night's ride, the group arrived in Fort Worth early Tuesday morning, and went directly to their rooms at the Worth Hotel. Before downtown Fort Worth was completely awake, the girls donned their drums, and led by Dr. J. A. Hill, president of West Texas State Teachers College; Superintendent I. B. Carruth of Canyon High School; Mr. W. T. Taylor, superintendent of Palo Duro State Park; and Mr. W. A. Warren, president of Canyon Chamber of Commerce, they marched through the business section, entering the Texas, Blackstone, Westbrook, and Worth Hotels, where they entertained with several drum beats. After the parade, the drum corps were served ice cream and cookies by the Texas Hotel Coffee Shop.

The group lunched at Pangburn's Cafeteria. Following this, they returned to the hotel to rest, while some of the girls visited WBAP, KTAT, and KFJZ broadcasting stations.

In the afternoon the drum corps was taken on a sight-seeing tour over Fort Worth, a compliment of the Chamber of Commerce. The guide pointed out the main buildings in the business section, and the group also viewed the city airports, Lake Worth and the Casino, Inspiration Point over the Lake Worth Dam, the exclusive residential sections, Fort Worth's Botanical Garden, the old coliseum for the Fat Stock Show and the stock yards, and the Fort Worth Frontier Centennial Show.

See Frontier Show

The girls unloaded at the Frontier Show, where they were admitted free into the grounds. Led by the drum major, Edrie McNeil, the drum corps proceeded over the grounds to the West Texas Chamber of Commerce Building, where they registered for Canyon Day. The group attended Casa Manana, famous revolving stage of the world, where Mary May Harrison, ex-student of '35, was introduced to the audience by Paul Whiteman, Jazz King of America; Miss Harrison was sponsor of Canyon. Miss Annie Ruth Eastus, director of the drum corps, was Canyon High School representative, while Mrs. Tommie Montfort, teacher of foreign languages in the College Training School, was representative of that institution.

After spending the night at the Worth Hotel, the Canyonites left for Dallas to show off there. At the train, the corps and Chamber of Commerce representatives were met by the training school and college group, who had gone on to Dallas. The group formed a long procession, headed by Dr. Hill, Mr. Warren, Mr. Taylor, and Miss Eastus; following them came the drum corps and the remainder of the group. They were escorted from the train down the main street of Dallas by the Dallas Police force. They marched into the Adolphus and Baker Hotels, where they went through the drum beats; from the Baker Hotel, they boarded a special street car to the Centennial grounds.

Superintendent Carruth stayed in Fort Worth, where he spent Wednesday visiting schools; some of the schools he visited were Pascahal, W. C. Stripling, Houston, and Central.

Upon arrival at the Centennial grounds, the girls once more paraded with their drums. They were again admitted free into the grounds. Reporters from the Dallas News and Dallas Journal took several pictures of the corps in front of the General Motors Building.

Following this the drum corps were taken on another sight-seeing tour over the Centennial grounds, compliment of Mr. Clarence Thompson, vice-president of the Chamber of Commerce, and Mr. Levi Cole, secretary and treasurer of the Chamber of Commerce.

Give Broadcast

Immediately after lunch, the delegates gave a fifteen minute broadcast over Station WRR from the Gulf Studio on the Centennial grounds. The drum corps opened the program with chanting, C-A-N-Y-O-N, led by the Canyon High School pep leaders, Carolyn Mayfield and Marie O'Donald. The next on the program was "I'm Gonna Clap My Hands," sung by the Carollettes, high school quartet, consisting of Carolyn Mayfield, Kate Donnell, Evelyn Cluck, and Edrie McNeil. Edrie McNeil then sang a solo, "I'm Gonna Sit Right Down and Write Myself a Letter." "Twelfth Street Rag," was a piano solo played by Marie O'Donald. Following the musical numbers, Dr. Hill gave a short talk on Canyon and its part in the Centennial. The program was then closed with the same yell as given in the opening.

In the afternoon the Canyonites were guests of Dr. Hill and his son, Joe Hill, Jr., at Little America, an exhibit of Admiral Byrd's trip to the South Pole.

The majority of the group attended Cavalcade, pageant of the history of Texas.

Leave For Home

With worn-out feet and tired shoulders, the group took the train from the Centennial grounds last Wednesday night at 8 o'clock. After the train passed Fort Worth, no one knows what went on, for sleep prevailed over the entire two coaches.

Mrs. Grady Oldham and Mrs. I. B. Carruth assisted Miss Eastus in sponsoring the girls. The Chamber of Commerce paid the train fares and the hotel bills of the drum corps.

Those making the trip in the drum corps were the drum major Edrie McNeil; flag bearers, Carolyn Mayfield and Marie O'Donald; bass drummer, Mary Collins; Snare drums, Billie Greenfield, Martha Jo Newlin, Jean Slack, Helen Hurst, Evelyn Cluck, Hazel Sanders, Renna Beth Bellah, Kate Donnell, Mary Bourn, Mavis Hardin and Marielle Oldham.

At 12:30 o'clock Thursday afternoon, a crowd of waiting Canyon people greeted the delegates at the train and the drum corps played a final concert.

National Conventions Elect Student Council Candidates

The election of the student council president seems to be creating quite a bit of interest and excitement this year, since the annual affair is to be carried out as much as possible like the election of the president of the United States.

The junior and senior classes have been divided into two parties, the Liberals and Conservatives, and these parties will have National Conventions in assembly periods, carrying banners and posters and delivering political speeches. The members of each party have been divided in pairs, these pairs being delegates from chosen states.

The nominees for the Liberal party are: Sherman Higdon, Kate Eileen Donnell, and Melvin Calliham. Their campaign managers are: James Pope, Carolyn Mayfield, and Prentice McKee, respectively. The nominees for the Conservative party are Billy Louise Greenfield, C. L. Drummond and Mildren Shuman. Their campaign managers are in respective order, Evelyn Cluck, Lillian Chambers, and Jean Slack. From each trio, one person will be elected to be the party candate in the major election.

According to Mr. Gerald Brown, teacher of history and civics, and originator of the idea, the sophomores, freshman, and sub-freshmen are to be the "uneducated masses," to be influenced by political speeches and "ballyhoo." In comparison with poll taxes, no one may vote who has not paid his library fee.

Heretofore, not a great deal of interest has arisen over this election; so Mr. Brown is to be commended for this new idea.

Crittenden Has Diversified Interests

Dividing her time between a news article and an inquiring reporter, Miss Pauline Crittenden began her life's story.

Miss Crittenden teaches English 2, Journalism, and typing.

"I like to fish," said Miss Crittenden. Her hobby is collecting pictures of ships; and despite the fact that we see her wearing yellow, she insists that she likes red. Her favorite foods are spaghetti and cheese, and strawberry shortcake.

"My main objection to Canyon is that it isn't close enough to McKinney." McKinney, of course, is her home town. She has two brothers attending McKinney High School.

Miss Crittenden received the bachelor of arts degree from North Texas State Teachers College at Denton, with a major in business administration and English, and a minor in Spanish.

"I would like to work on a newspaper," she said. She prefers straight news reporting. During the time she attended N. T. S. T. C. she worked on the "Campus Chat," the school weekly. "I did everything from chasing up lost articles to running erranfs," she said.

Hickman Talks To P. T. A.

"Friendliness as Related to Character Growth" will be the subject discussed by Miss Hellen Hickman, college nurse, at the regular meeting of the Parent-Teachers Association next Thursday evening, Oct. 22. The meeting will be held in the high school auditorium at 7:45 o'clock.

Miss Helen Lyles will give the devotional , and the Seventh Grade Chorus, directed by Miss Gwendolyn Black, will furnish musical selections. A $2-prize will be awarded to the grade-school room and to the high school class having the most parents present.

This is membership week for the P. T. A. Mrs. Alfred Bellah, chairman of the membership committee, urges that all persons who are interested in the association, join at once; dues are thirty-five cents for the year and may be paid to Mrs. Bellah.

"Character Growth" is the general subject for this year's study. Mrs. Dan Sanders, president, urges all teachers, parents, and citizens interested in the school, attend all meetings of the organization.

They've Got Trouble Double Trouble

Good heavens! What will this world come to? If you want to go crazy, just take journalism. Over there sit Mavis, J. C. and Sam in a huddle, trying to figure out the such and such a something that happened at such and such a place on such and such a night at such and such a time—aw, skip it.

"The football game at Claude will be—bla, bla, bla," chant R. E. and John B. Say! What is this, a madhouse? Poor Alta, trying to catch Mr. Carruth to find out about the faculty meeting! And here's Mary Horn on one side of the room trying (for once in her life) to be serious; while on the other side, Lillian, Marie, Jack, Wanda, Helen, and Nelson try to choke back the "ha ha's" over some silly joke that they are getting from the exchanges.

Natalie desperately, but in vain, tries to get some "personals" out of someone; Dorothy runs around in circles; and Kate, Mary, Carolyn, and Billy all help everybody else and try ("try" is right; why is everyone so slow on press day?) to hurry them. Miss Crittenden wanders here, yonder, and elsewhere; and I—gee! here I am working my fingers off trying to get in this feature story!

Monday afternoon and evening; press day; copy due; wot a life, wot a life!

That Memphis, Tenn., woman who took six children to have their tonsils removed at the same time was mighty proud of her deed, but it was just a pain in the neck to the kids.

FOOTBALL SCHEDULE

Oct. 23, Tulia at Canyon.
Oct. 30, Happy at Canyon.
Nov. 6, Dalhart at Dalhart.
Nov. 13, Hereford at Hereford.

FLYING COLORS TO PREVAIL OVER TULIA

EAGLES WILL PLAY HORNETS IN ANNUAL BATTLE FRIDAY NIGHT

A determined group of Eagles will take the field next Friday night against Tulia's Hornets on Buffalo field at 8 o'clock. A close, hard-fought game is anticipated by the fans of both teams.

The Eagles won their first conference game with Dimmitt by a score of 26-0. Tulia has not played a conference game so far, but has played some tough competition.

Tulia has displayed a big, powerful backfield and a hard-charging line. Canyon has specialized so far this year in stopping big men, as can be seen by the Perryton and Claude games. The Eagles have displayed a scintillating passing attack that has not failed to score when a score is badly needed.

The probable starting line-up is:

Brasuel, left end	160
Burrus, left tackle	150
Pope, left guard	140
Calliham, center	135
Miller, right guard	135
Carr, right tackle	145
Middleton, right end	140
Drummond, quarter back	130
Butler, full back	140
Gill, right half	140
Rusk, left half	170

Faculty Members Defend Fields

"Justifying Your Field" was the topic for discussion at the first regular meeting of the Faculty Study Club, held last Wednesday evening, Oct. 14, at 7:30 o'clock in the Home Economics room of the high school.

Mr. Gerald Brown defended the place of the social sciences in the curriculum; Miss Pauline Crittenden, the commercial subjects; and Mr. R. G. Stephenson, science. Mr. Emil Hutto was chairman for the meeting.

At the intermission period, refreshments of pie and coffee were served by the following committee: Mrs. Fred Scott, Miss Fannie Sue Brasuel, and Miss Virginia Jarrett.

Mr. John B. Pope, principal, announced the program for the year. The club will meet regularly on the second Wednesday evening of each month, except for the next meeting which will be on Thursday evening, Nov. 12. Programs and speakers for the meeting are as follows:

Nov. 12: "Guidance: Tests and Measurements"; Messrs. Milton Morris and H. G. Moore; Miss Mattie Jordan, chairman.

Dec. 9: "Guidance" (continued); Mr. John B. Pope and Miss Fannie Sue Brasuel; Miss Virginia Jarrett, chairman.

Jan. 13: "Curriculum"; Mr. John B. Pope; "Results of Curriculum Experiments in Our School," Miss Elva Fronabarger; Miss Gladys McClanahan, chairman.

Feb. 10: "Crime Prevention Thru Education," Mr. Gordon Beck; "Mental Hygiene," Mrs. Stella Murrell; Miss Ruth Greenfield, chairman.

Mar. 10: "Commencement Programs"; Miss Belva Cain and Miss Gwendolyn Black; Mrs. L. M. Cousins, chairman.

April 14: "Visual Education," Miss Jewell Foster; "Radio Education," Miss Grace Clark; Miss Annie Ruth Eastus, chairman.

May 12: Outside speaker; Mr. I. B. Carruth, chairman.

Faculty Attends Social

Faculties of both the high school and grade school were entertained at the home of Mrs. Ray Campbell last Friday evening, Oct. 16. Mrs. Campbell was assisted by Mrs. Guy Harp and Mrs. Clarence Thompson.

Games of bridge and "42" were played throughout the evening.

Refreshments of chicken salad, hot rolls, coffee, and pumpkin pie were served to the following, in addition to the faculty members present: Mesdames Bill Black, F. W. Maxwell, Milton Morris, I. B. Carruth, John B.Pope, Milton Sanders and Bert Newlin; Messrs. Ray Campbell, Guy Harp, Clarence Thompson, Bert Newlin, Lee Foster, and the hostesses.

PERMANENT SEATS ISSUED TO STUDENTS IN ASSEMBLY

Permanent seats were issued to pupils in assembly Monday morning by the class sponsors. The Rev. J. R. Hicks, pastor of the Baptist Church, stated he would like to take a car of football boys or pep squad girls to the Dalhart game. Announcements were made by Mr. Pope, Mr. Milton Morris, Mr. Emil Hutto, and Mr. I. B. Carruth concerning different events of the week.

Homecoming Day Program Completed By Committee

Football Game, Barbecue, Address By Clark, Highlights

The program for Homecoming and Mothers' and Dads' Day has been completed and includes an address by U. S. Sen. Bennett Champ Clark of Missouri, a barbecue at noon, a football game, and a homecoming dance as highlights of the program.

Registration of visitors will begin at 9 o'clock Oct. 31, and will continue until 10 o'clock. Faculty and student reception groups will be in Rooms 101 and 103 of the Administration Building. The Pi Omegas, the Home Economics Club, the Elapheians, W. A. A. and Y. W. C. A. have already announced plans to entertain ther former members with receptions. Other organizations are planning entertainments for the visitors.

An assembly will be held at Buffalo Stadium beginning at 10 o'clock in the morning in which former students and mothers and fathers of students will be given recognition. Dr. J. A. Hill, president, will preside. The Buffalo Band, which plays an active part throughout the program will preface this assembly with a band concert beginning at 9:45.

Sen. Clark will make his address beginning at 10:30 o'clock.

A barbecue under the direction of Prof. T. M. Moore will begin at noon and last until 1:30. John Snider, noted barbecue artist, will be in charge of preparing the barbecue.

Admission prices to the barbecue will be 35 cents to everyone. Outsiders as well as all former students, parents, and students are invited to attend the barbecue.

The barbecue grounds will be situated north of Burton Gymnasium in the athletic field. In the event of bad weather the meal will be served in Burton Gymnasium.

The food for the noon meal will include barbecue, beans, pickles bread, onions, and coffee. It will be served in cafeteria fashion by boys from the college T-Anchor Farm.

Part of the work in connection with the barbecue will be done by local student labor, Mr. Moore said. Wood of a special kind is necessary to insure successful preparation of the meat, and Gene Whitman, college employee, will leave today to get oak fire wood for the occasion.

Members of the committee for the barbecue include Prof. T. M. Moore, chairman, Virgil Henson, Prof. C. Stuart Johnston, and Coach Al Baggett.

From 1:15 o'clock to 2:15 o'clock will be a period for visiting the campus. Prof. Mitchell Jones is chairman for the group who will guide visitors over the campus.

The football game between W. T. and Sul Ross State Teachers College will begin at 2:30 o'clock. At the half the W. T. Band will give a stunt, and recognition will be given all former football players.

The Homecoming dance sponsored by the Pi Omegas, Epsilon Betas, and Alpha Sigma Xi, college organizations.

Pierce News

Mr. and Mrs. Frank Moss are the happy drivers of a new Ford V-8 coupe.

The community meeting was a great success. It was the largest crowd that had ever gathered at the school house since the dedication of the building in 1928. Every patron was present and almost all the other residents of the community. We surely enjoy this spirit of co-operation and progress. The school program consisted chiefly of a play, in whih three types of teaching were demonstrated. Everyone enjoyed the evening.

Mr. and Mrs. T. R. Davis, Joan and the baby were in Amarillo on business Thursday.

Mr. and Mrs. Frank Garrett and girls visited in the L. B. Hammond home Sunday.

We are happy for Gail Hart's return to school after an absence of seven days because of illness.

Sam Steen of Canyon spent the week end with his brither, Tod Steen.

Mrs. Roy Davis visited school Thursday afternoon.

Mr. and Mrs. Tom Boling of Highland called on T. H. Boling Sunday afternoon.

Mr. and Mrs. Frank Moss and Jessie, spent Sunday with his brother, Hob Moss and family, at Soncy.

Edd Davis of Canyon visited with his brother, Roy Davis and family, last week.

Mr. and Mrs. Frank Young of Vega visited her brother, Frank Moss and family, Sunday.

Mr. and Mrs. Windom Allen and daughter, Pauline, of Miami, visited her father, W. I. Gum and family last week.

Mr. and Mrs. Sam McCraw visited their daughter, Mildred, in the Coy Phillips home of Hereford Friday.

Mrs. John Gum has returned from a visit with her mother at Perryton.

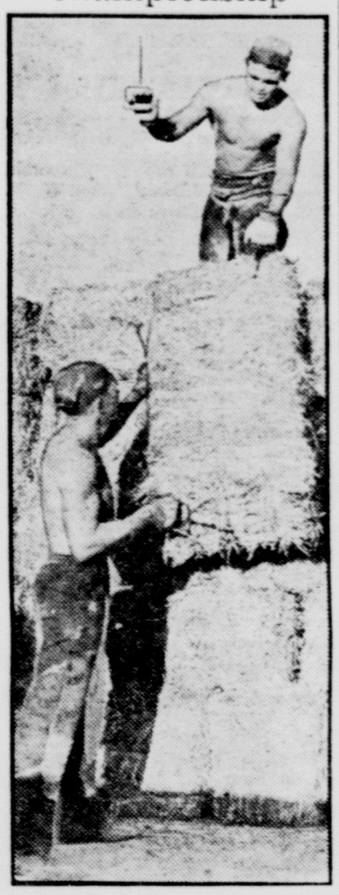
Mrs. Marvin Daugherty of Hoover visited her father, W. I. Gum and family last week.

Miss Mildred McCraw spent the week end in Hereford, attending a revival there.

Mr. and Mrs. W. I. Gum were in Vega on business Monday.

The John Boling family and T. H. Boling visited in the Corbett Cretsinger home in Panhandle Saturday.

Lift Hay-Loading Championship



Champion hay-loaders at the annual alfalfa festival held in Lancaster, Calif., were Bill Wagner, above, and Bob Williams, who loaded and unloaded four tons of hay in 18 minutes 50 seconds, defeating seven other teams in the contest.

Tech Picadors Defeat Freshmen Gridsters 27-0

Presenting a brilliant running attack, the burly Picadors from Texas Tech triumphed over West Texas State's Frosh eleven 27 to 0 in Buffalo Stadium Saturday night.

Power plays were paramount in the conflict and each of the counters was made by incessant line assaults by the visiting eleven.

Coach Cox's Yearlings illustrated a stubborn defense against the heavier and more experienced Picadors. Twice the Techsters were staved off inside the Fish 5-yard line, and several times Tech assaults were checked beyond the 20 yard line.

The first Picador counter came in the second canto when Calhoun and Lindsey collaborated to place the ball on the Yearling's 9-yard line. Then Boswell ripped off the remaining distance to score standing up. He failed to convert. The half ended Picadors 6; Yearlings 0.

Boswell scored early in the third division from the Yearlings' 9-yard line on an off-tackle smash. Webb, Picador end, recovered a fumble by McKnight, Yearling quarter, on the 20 to place them again in scoring position, but Edwin Williams and Doyle Bunce, Canyon linemen, repeatedly sifted through to hold the young Matadors for downs.

The last two counters were in the final quarter. Calhoun, Tech half, scored from the Yearling 11, and Davis place-kicked for extra point. The final score was made by Denny on a 40 yard canter. Boswell then neatly kicked the ball between the bars for extra point.

An old timer is a fellow who can remember when he was the motive power for mother's washing machine.

Belgian Congo girls wear large discs of bread as earrings. The boy friends probably provide the dough.

The thickness of awhale's skin varies from two inches to two feet, very similar to that of some politicians.

Rusk Quizzes

Mr. and Mrs. O. A. Smith spent the week end in Oklahoma.

A surprise party was given for C. G. Stallings Saturday night. Forty-two and dominoes were played throughout the evening.

Mrs. Clarence Stallings and Dorotha Dean visited Mrs. Alvis Sykes Friday afternoon.

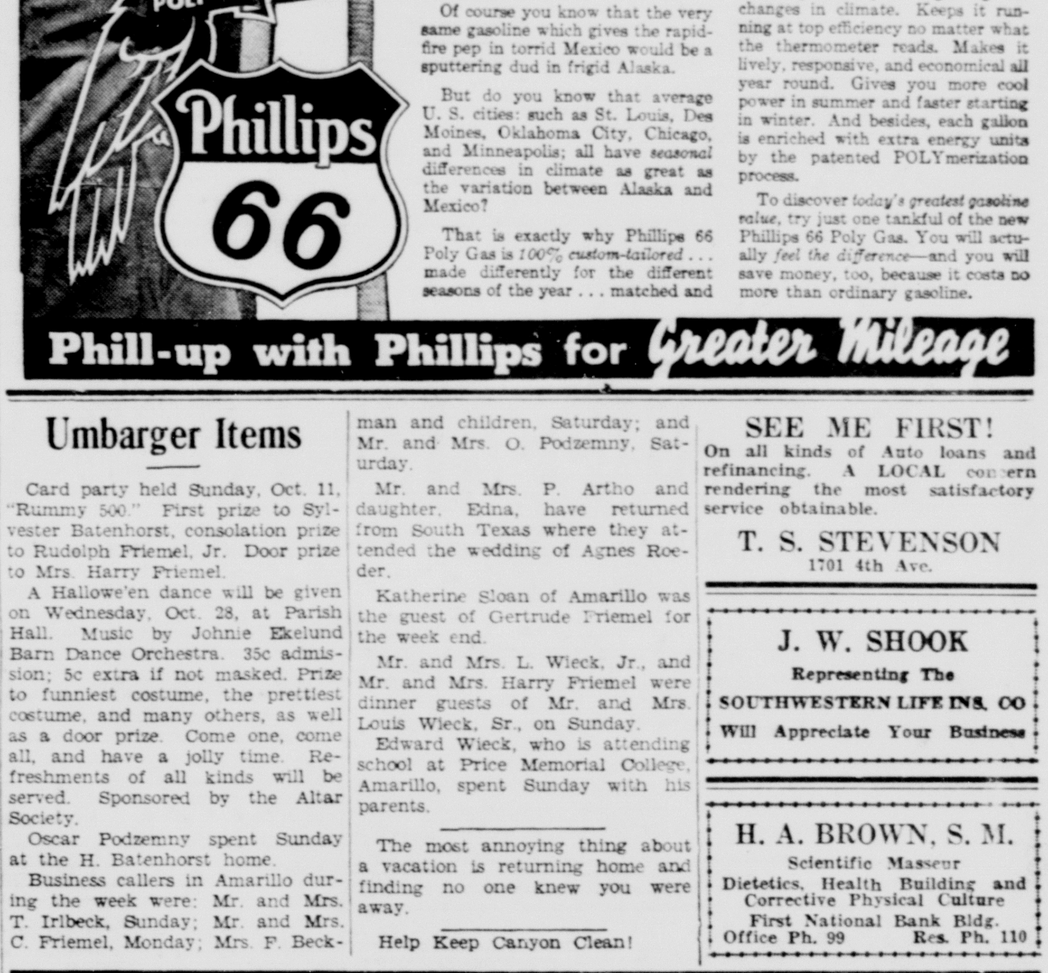
John Royal made a trip to Amarillo Monday.

Mrs. Alvis Sykes spent Monday with Mrs. J. T. Sykes.

Mr. and Mrs. R. N. Henry visited Mr. and Mrs. C. G. Stallings Sunday afternoon.

Clarence Stallings was in Happy Monday.

Fall fashions in women's hats are featuring feathers, and men probably will give them the "bird."



To dramatize the differences in weather which *may* affect your motor, the cities on the map above have been purposely misplaced.

Of course you know that the very same gasoline which gives the rapid-fire pep in torrid Mexico would be a sputtering dud in frigid Alaska.

But do you know that average U. S. cities: such as St. Louis, Des Moines, Oklahoma City, Chicago, and Minneapolis; all have *seasonal* differences in climate as great as the variation between Alaska and Mexico?

That is exactly why Phillips 66 Poly Gas is *100% custom-tailored* . . . made differently for the different seasons of the year . . . matched and re-matched every month to the specific weather in each city in which Phillips 66 Poly Gas is sold.

This protects your engine against changes in climate. Keeps it running at top efficiency no matter what the thermometer reads. Makes it lively, responsive, and economical all year round. Gives you more cool power in summer and faster starting in winter. And besides, each gallon is enriched with extra energy units by the patented POLYmerization process.

To discover *today's greatest gasoline value*, try just one tankful of the new Phillips 66 Poly Gas. You will actually *feel the difference*—and you will save money, too, because it costs no more than ordinary gasoline.

Phill-up with Phillips for *Greater Mileage*

Umbarger Items

Card party held Sunday, Oct. 11, "Rummy 500." First prize to Sylvester Batenhorst, consolation prize to Rudolph Friemel, Jr. Door prize to Mrs. Harry Friemel.

A Hallowe'en dance will be given on Wednesday, Oct. 28, at Parish Hall. Music by Johnie Ekelund Barn Dance Orchestra. 35c admission; 5c extra if not masked. Prize to funniest costume, the prettiest costume, and many others, as well as a door prize. Come one, come all, and have a jolly time. Refreshments of all kinds will be served. Sponsored by the Altar Society.

Oscar Podzemny spent Sunday at the H. Batenhorst home.

Business callers in Amarillo during the week were: Mr. and Mrs. T. Irlbeck, Sunday; Mr. and Mrs. C. Friemel, Monday; Mrs. F. Beckman and children, Saturday; and Mr. and Mrs. O. Podzemny, Saturday.

Mr. and Mrs. P. Artho and daughter, Edna, have returned from South Texas where they attended the wedding of Agnes Roeder.

Katherine Sloan of Amarillo was the guest of Gertrude Friemel for the week end.

Mr. and Mrs. L. Wieck, Jr., and Mr. and Mrs. Harry Friemel were dinner guests of Mr. and Mrs. Louis Wieck, Sr., on Sunday.

Edward Wieck, who is attending school at Price Memorial College, Amarillo, spent Sunday with his parents.

The most annoying thing about a vacation is returning home and finding no one knew you were away.

Pioneer Dies

(Continued from first page)

amassing a great fortune, at heart he always remained a ranchman. His lands were well stocked with the best cattle in this section.

Mr. Whittenburg was born in Missouri but came to Texas at the age of 12 years. He lived in various sections of the frontier, trading with the Indians until he had saved sufficient means to buy a ranch.

Three children were born to Mr. and Mrs. Whittenburg. George A., the oldest lived in Canyon until his death. The second child died in infancy, and the third child is Mrs. Hedgecoke. His wife died in 1927.

After the death of George Whittenburg and his wife, Mr. Whittenburg spent much of his time in Canyon with the family of his son. When he was in good health, hardly a day passed that Mr. Whittenburg did not drive to Canyon to spend several hours with the family.

Had Large Estate

It is reported by business associates that Mr. Whittenburg had set up trust funds and annuities for each of his grand children. The estate of Mr. Whittenburg will be one of the largest to be handled in this section of the state in recent years.

In 1918, when George was considering moving to Canyon in order to send his children to school, a banker consulted with Mr. Whittenburg to try to prevent it. "George is a good business man," said the banker, "but it will break him to go down there." Characteristic of Whittenburg's generosity was his answer: "We'll keep those children in school if it breaks both of us."

All of the Whittenburg children have attended W. T. during the time the family has lived here.

Mrs. T. E. Allen and son, Max, of Memphis are visiting at the parental C. O. Cooper home.

Getting a Bath in 'Juice'

This looks like pretty dangerous business, playing with electricity on the "loose." But Kenneth Strickfaden, noted electrical wizard, doesn't seem to mind it as he prepares his "gravity neutralizer" for demonstration at the Electrical Age Exposition in Los Angeles.

THE BUFFALO FOOD STORE
